

ANGRY BIRDS

The Parabolic Edition 2b

All three Angry Birds enter the level with the same speed and the same angle. They approach the black egg. The black bird then approaches the yellow bird as it is moving to get the black egg. The yellow bird is then launched in a parabolic arc. It is launched with a speed of 10 m/s and an angle of 45°.

Modern Take On Physics, A - Volume 1: Classical Physics In Modern-day Classrooms Giovanni

Organtini, Graziano Surace, 2025-02-25 These two volumes cover the classical topics typically taught in undergraduate physics courses and beyond. However, we teach classical physics using a very different language from traditional books influenced by the language of modern physics in a move to encourage a positive approach towards the latter subject. Based around the unifying concept of energy, we take a distinct approach to the organisation of material, presenting physics in a cohesive manner without separating topics such as mechanics, kinematics, thermodynamics, electricity and magnetism. Instead, physics is revealed gradually, emphasising a holistic approach to science. Despite this peculiarity, we have maintained the conventional separation between Physics I and II to assist teachers in smoothly integrating these books into their courses. These innovative volumes present valuable new perspectives. Although their approach is bold, they will certainly prompt interesting reflections on traditional teachings. This first volume contains chapters on temperature, optics, waves, motion, special relativity, Newton's laws, forces and work, inertial and non-inertial frames, momentum, the physics of gases and thermodynamics among other topics.
