tested classroom activities the fourth edition of *Critical Encounters in Secondary English* continues to help teachers integrate the lenses of contemporary literary theory into practices that have always defined good pedagogy The most significant change for this edition is the addition of Critical Race Theory CRT as an analytical lens CRT offers teachers fresh opportunities for interdisciplinary planning and teaching as it lends itself to lessons that encompass a variety of disciplines such as history sociology psychology and science As with the previous edition each chapter concludes with a list of suggested nonfiction pieces that work well for the particular lens under discussion This popular text provides a comprehensive approach to incorporating nonfiction and informational texts into the literature classroom with new and revised classroom activities appropriate for today's students Book Features Helps both pre and inservice ELA teachers introduce contemporary literary theory into their classrooms Offers lucid and accessible explications of contemporary literary theory Provides dozens of innovative and field tested classroom activities Tackles the thorny issue of Critical Race Theory in helpful and practical ways Praise for the Third Edition What a smart and useful book It provides teachers with a wealth of knowledge and material to help their students develop critical perspective and suppleness of thought Mike Rose University of California Los Angeles This Third Edition proves that Appleman still has her hand on the pulse of the rapidly changing landscape of education Ernest Morrell Teachers College Columbia University This new edition of Deborah Appleman's now classic book demonstrates even more dramatically than previously how the critical theories she so skillfully teaches serve not only as lenses for the reading of literature but as tools for discovering interrogating and challenging injustice hypocrisy and the hidden power relations that students are likely to encounter Sheridan Blau Teachers College Columbia University

Teaching the Holocaust Ian Davies, 2000-05-01 Offers a comprehensive treatment of Holocaust education blending introductory material broad perspectives and practical teaching case studies This work shows how and why pupils should learn about the Holocaust **Honest Patriots** Donald W. Shriver Jr., 2008-09-04 In *Honest Patriots* renowned public theologian and ethicist Donald W Shriver Jr argues that we must acknowledge and repent of the morally negative events in our nation's past The failure to do so skews the relations of many Americans to one another breeds ongoing hostility and damages the health of our society Yet our civic identity today largely rests on denials forgetfulness and inattention to the memories of neighbors whose ancestors suffered great injustices at the hands of some dominant majority Shriver contends that repentance for these injustices must find a place in our political culture Such repentance must be carefully and deliberately cultivated through the accurate teaching of history by means of public symbols that embody both positive and negative memory and through public leadership to this end Religious people and religious organizations have an important role to play in this process Historically the Christian tradition has concentrated on the personal dimensions of forgiveness and repentance to the near total neglect of their collective aspects Recently however the idea of collective moral responsibility has gained new and public visibility Official apologies for past collective injustice have multiplied along with

calls for reparations Shriver looks in detail at the examples of Germany and South Africa and their pioneering efforts to foster and express collective repentance He then turns to the historic wrongs perpetrated against African Americans and Native Americans and to recent efforts by American citizens and governmental bodies to seek public justice by remembering public injustice The call for collective repentance presents many challenges What can it mean to morally master a past whose victims are dead and whose sufferings cannot be alleviated What are the measures that lend substance to language and action expressing repentance What symbolic and tangible acts produce credible turns away from past wrongs What are the dynamics psychological social and political whereby we can safely consign an evil to the past How can public life witness to corporate crimes of the past in such a way that descendants of victims can be confident that they will never be repeated In his provocative answers to these questions Shriver creates a compelling new vision of the collective repentance and apology that must precede real progress in relations between the races in this country *Catalog of Copyright Entries.
