2014 Life Orientation Exemplar:

The Routledge Handbook of Media Use and Well-Being Leonard Reinecke, Mary Beth Oliver, 2016-06-23 The Routledge Handbook of Media Use and Well Being serves as the first international review of the current state of this fast developing area of research The volume provides a multifaceted perspective on the beneficial as well as the detrimental effects of media exposure on psychological health and well being As a first mover it will define the field of media use and well being and provide an essential resource for research and teaching in this area The volume is structured along four central considerations Processes presents concepts that provide a theoretical bridge between media use and well being such as psychological need satisfaction recovery from stress and strain self presentation and self enhancement or parasocial interactions with media characters providing a comprehensive understanding of the underlying processes that drive psychological health and well being through media Moderators examines both risk factors that promote negative effects on well being and protective factors that foster positive media effects Contexts bridges the gap between theory and real life by illustrating how media use can influence well being and satisfaction in very different life domains covering the full spectrum of everyday life by addressing the public private and work spheres Audiences takes a look at the influence of life phases and life situations on the interplay of media use and well being questioning whether various user groups differ with regard to the effects of media exposure Bringing together the expertise of outstanding international scholars from multiple disciplines including communication media psychology social psychology clinical psychology and media education this handbook sheds new light on the role of media in influencing and affecting emotions *The Partisan Next Door* Ethan C. Busby, Adam J. Howat, Jacob E. Rothschild, Richard M. Shafranek, 2021-09-29 In the United States politics has become tribal and personalized The influence of partisan divisions has extended beyond the political realm into everyday life affecting relationships and workplaces as well as the ballot box To help explain this trend we examine the stereotypes Americans have of ordinary Democrats and Republicans Using data from surveys experiments and Americans own words we explore the content of partisan stereotypes and find that they come in three main flavors parties as their own tribes coalitions of other tribes or vehicles for political issues These different stereotypes influence partisan conflict people who hold trait based stereotypes tend to display the highest levels of polarization while holding issue based stereotypes decreases polarization This finding suggests that reducing partisan conflict does not require downplaying partisan divisions but shifting the focus to political priorities rather than identity a turn to what we call responsible partisanship **The Oxford Handbook of Human Development and Culture** Lene Arnett Jensen, 2015 The Oxford Handbook of Human Development and Culture provides a comprehensive synopsis of theory and research on human development with every chapter drawing together findings from cultures around the world This includes a focus on cultural diversity within nations cultural change and globalization Expertly edited by Lene Arnett Jensen the Handbook covers the entire lifespan from the prenatal period to old age It delves

deeply into topics such as the development of emotion language cognition morality creativity and religion as well as developmental contexts such as family friends civic institutions school media and work Written by an international group of eminent and cutting edge experts chapters showcase the burgeoning interdisciplinary approach to scholarship that bridges universal and cultural perspectives on human development This cultural developmental approach is a multifaceted flexible and dynamic way to conceptualize theory and research that is in step with the cultural and global realities of human development in the 21st century

Language and Emotion. Volume 2 Gesine Lenore Schiewer, Jeanette Altarriba, Bee Chin Ng, 2022-11-07 The handbook *Language and Emotion* is intended to give a historical and systematic profile of the area It will aim to connect contemporary and historical theories approaches and applications and to cover eastern and western perspectives of language communication and emotion It will present all relevant aspects of language and emotion and thus contribute significantly to research in the field of linguistics and semiotics of emotion

Better Principals, Better Schools Delia Stafford, Valerie Hill-Jackson, 2015-12-01 A school is only as good as its principal This quip forms the thesis of Better Principals as it provides a bird s eye view on the enactment of Haberman s eleven core functions of a star principal Better Principals is imperative for two main reasons First the achievement gap between 20 million children in poverty and their mainstream counterparts is continuing to become even wider Many students are constantly subjected to inequality of educational opportunity which limits their future opportunities Second Haberman is one of the most prolific producers of administrators of the twentieth century and into the twenty first century He reminds us that quality school systems with quality leaders benefit our society Haberman explained that there is often selection blindness when it comes to identifying school leaders and this deficiency has many negative consequences for education in general and learners in particular Haberman has generated theories training programs and tools to engender substantive changes needed to produce better schools Each chapter in this volume contains reflection questions for discussion to remind us all why selecting quality principals must be paramount when hiring school leaders These illustrative book chapters emphasize the execution of Haberman s star principal ideology Praise for Better Principals Better Schools Not every educator is suited to leading or teaching in the most challenging urban schools Yet nowhere else is excellence in leading and teaching more critical to the success of students This volume based on the pioneering work of Martin Haberman offers a practical response to those who say the task of instructional leadership is beyond the capability of principals The authors offer concrete examples of how successful urban school leaders find the time and capacity to inspire and manage learning under difficult conditions Just as important the authors ground their examples in a set of clear justifiable principles that can be used by others to guide their own practice Dr Philip Hallinger Professor Chulalongkorn University Thailand If great teaching and more of it are the key ingredients for any successful school then great leadership is the critical path Better Principals Better Schools turns this theory into model lessons for all current and aspiring school leaders Mike Feinberg Co founder KIPP Schools

A Charitable Orthopathy John W. Morehead, Brandon C. Benziger, 2020-04-07

Evangelicals and other conservative Christians of the twenty first century face enormous challenges in the pluralistic public square not least with Muslims and atheists Contrary to biblical injunctions to keep in step with the Spirit Gal 5 25b and to love our neighbors as ourselves e g Matt 22 37 40 Luke 10 25 37 both of which involve not only behavioral but also important affective elements we often harbor deep seated antipathies toward atheists and adherents of other religions While such feelings are at times justified and help us cope with conflict related tragedies they are also often baseless misconstrued and counterproductive priming us to avoid religious others support discriminatory policies against them and even confront them in verbal or physical ways The purpose of this volume is to offer an academically informed yet practically oriented collection of essays that challenges and encourages Christians to engage their religious neighbors in a much more loving compassionate hopeful and courageous indeed orthopathic manner whether in the realm of politics in debate and conference venues on the mission field or in their own homes schools churches and neighborhoods As such a set of reflection and discussion questions is included to facilitate individual and or group study

Christians Shaping Identity from the Roman Empire to Byzantium Geoffrey Dunn, Wendy Mayer, 2015-07-14 The essays collected in *Christians Shaping Identity* celebrate Pauline Allen's significant contribution to early Christian late antique and Byzantine studies especially concerning bishops heresy orthodoxy and christology Covering the period from earliest Christianity to middle Byzantium the first eighteen essays explore the varied ways in which Christians constructed their own identity and that of the society around them A final four essays explore the same theme within Roman Catholicism and oriental Christianity in the late 19th to 21st centuries with particular attention to the subtle relationships between the shaping of the early Christian past and the moulding of Christian identity today Among the many leading scholars represented are Averil Cameron and Elizabeth A Clark

Ethics, Self-Study Research Methodology and Teacher Education Robyn Brandenburg, Sharon McDonough, 2019-11-13 This book examines the nuanced and situated experiences of self study researchers It explores the ways in which ethics are dynamic idiosyncratic and require an ongoing ethical reflexivity In addition the book identifies documents and collates the collective experiences of self study researchers and sheds new light on the role and impact of ethics ethical dilemmas and ensuing decisions for education researchers The book considers the ethical dilemmas that self study researchers in teacher education face their careful ethical considerations while conducting research and how they form their professional judgment and understanding of what it means to be an ethical self study researcher For self study researchers there are a number of ethical dilemmas and challenges that cannot be neatly captured by the frameworks and guidelines of an ethics board For many this requires researchers to be ever present and re engaged with the ethics of their own projects from the development through to the dissemination of their work Readers will gain a deeper understanding of ethics ethical perspectives and practices in the field of self study research

The Oxford Handbook of Personality and Social Psychology Kay Deaux, Mark Snyder, 2018-10-30 The second edition of *The Oxford Handbook of Personality and Social Psychology*

Psychology uniquely integrates personality and social psychology perspectives together in one volume Contributors explore historical conceptual methodological and empirical foundations that link the two fields together Further this new edition offers readers comprehensive coverage of new and emerging areas of theory research and application and assesses the fields growth and development since the publication of the first edition *Rapprochement Between Fathers and Sons* Louis Rothschild,2023-11-23 Following Freud s rather cold conception of fathers and a relative neglect of their role in psychoanalytic theory is a challenge to continue more recent efforts to develop a psychoanalytically affirmative portrait of fatherhood Here fathers are attuned to relational mutuality and intimacy as a source of flourishing Rapprochement is understood as a sub phase of child development marked by a dramatic expression of conflict such as Hear me see me give me space don t give me space In addition rapprochement is considered to characterize conflicts between autonomy and dependency across the lifespan An often muted and subtle tension between holding and letting go persists Working with what is felt entails entering a never fully completed negotiation marked by misreadings bias and illusion Father is understood to be a name pointing to a parenting function With material that includes the grief of failed reunion particular stories are mediated through thinking alongside philosophy and psychoanalytic theory in order to further explore the difficulty of integrating nurturing capacities into conceptions of masculinity As a critique of gendered rigidity a case is made for a social surround that declares mutual vulnerability to exist in a state of permanent inquiry and relational curiosity Such openness can function to aid parents clinicians and respective community members to privilege the development of increased frustration tolerance By extension a good enough father is one who recognizes breakdown a need for refueling and possesses and practices a willingness to encounter uneven rhythms in human dimensions This thoughtful work brings fresh insight into the role of the father and masculinity and is essential reading for mental health professionals Sexuality in Marketing and Consumption Athanasia Daskalopoulou,Daniela Pirani,Jacob Ostberg,2024-08-09 This volume provides an in depth examination of the role of sexuality in consumers life course and in the marketing of products and services Leading scholars in the field define the most up to date picture of theories of sexuality in marketing and consumer research mapping the topic through diverse theoretical lenses addressing queer and feminist research and putting sexuality and consumption in context The book brings together leading international marketing scholars to build on the growing interest in theories of sexuality queer theory and intersectionality which are gaining more interest among institutions and researchers interested in equality and diversity While this book builds on existing expertise in consumer culture scholarship it is the first time a marketing book focuses on sexuality adding value to the existing repertoire in gender and feminist literature The chapters are organised into three key sections Part 1 maps the marketing and consumer research field discussing how sexuality can be studied through different lenses Part 2 focuses on queer and feminist theorising drawing on LGBTQIA theory queer theory and theories of intersectionality to analyse how overlapping social categories interact to influence consumer behaviour identity and

experiences in the marketplace and Part 3 explores the personal and social aspects of sexuality offering a broad overview of issues of gender and sexuality digitalisation and the sexual body This text will be of direct interest to scholars and researchers within the fields of marketing consumer research sociology and media studies The aim of this book is to help scholars and students to develop a broader understanding about the interplay between sexuality society and the market
