

Objective Essay Example

Crafting an essay on the topic of "Objective Essay Example" can prove to be a challenging endeavor. The difficulty lies not only in the subject matter but also in the nuanced balance required to maintain objectivity throughout the writing process. The challenge arises from the need to present information in a neutral and unbiased manner, avoiding personal opinions or emotional expressions.

Firstly, defining the scope of the essay becomes crucial. Objectivity demands a comprehensive understanding of the subject, often requiring extensive research to gather relevant data and facts. Selecting appropriate examples that illustrate the objective points without leaning towards a particular perspective can be a delicate task.

Another hurdle is steering clear of subjective language and ensuring that the language used does not inadvertently introduce bias. This requires careful word choice, a thorough review of sentences, and constant self-awareness to detect any unintentional slant.

Maintaining a logical structure adds an additional layer of complexity. The essay should progress in a manner that allows readers to follow the information easily while avoiding any jumps to conclusions. The challenge is to present a coherent narrative without letting personal inclinations seep into the analysis.

In conclusion, the difficulty of writing an objective essay example lies in the meticulous attention to detail, extensive research, and continuous self-monitoring required to uphold a neutral stance throughout. Achieving objectivity demands a high level of discipline and a commitment to presenting information without personal bias.

 Shane, 2015-09-15 *Objective Troy* tells the gripping and unsettling story of Anwar al Awlaki the once celebrated American
 imam who called for moderation after 9 11 a man who ultimately directed his outsized talents to the mass murder of his
 fellow citizens It follows Barack Obama s campaign against the excesses of the Bush counterterrorism programs and his
 eventual embrace of the targeted killing of suspected militants And it recounts how the president directed the mammoth
 machinery of spy agencies to hunt Awlaki down in a frantic multi million dollar pursuit that would end with the death of
 Awlaki by a bizarre robotic technology that is changing warfare the drone Scott Shane who has covered terrorism for The
 New York Times over the last decade weaves the clash between president and terrorist into both a riveting narrative and a
 deeply human account of the defining conflict of our era Awlaki who directed a plot that almost derailed Obama s presidency
 and then taunted him from his desert hideouts will go down in history as the first United States citizen deliberately hunted
 and assassinated by his own government without trial But his eloquent calls to jihad amplified by YouTube continue to lure
 young Westerners into terrorism resulting in tragedies from the Boston marathon bombing to the murder of cartoonists at a
 Paris weekly Awlaki s life and death show how profoundly America has been changed by the threat of terrorism and by our
 own fears Illuminating and provocative and based on years of in depth reporting *Objective Troy* is a brilliant reckoning with
 the moral challenge of terrorism and a masterful chronicle of our times *Water and Cities in Latin America* Ismael
 Aguilar-Barajas, Jürgen Mahlknecht, Jonathan Kaledin, Marianne Kjellén, Abel Mejía-Betancourt, 2015-05-08 Approximately 80
 per cent of the population of Latin America is concentrated in urban centres Pressure on water resources and water
 management in cities therefore provide major challenges Despite the importance of the issues there has been little
 systematic coverage of the topic in book form This work fills a gap in the literature by providing both thematic overviews and
 case study chapters It reviews key aspects of why water matters in cities and presents case studies on topics such as
 groundwater management green growth and water services inequalities in water supply the financing of water services and
 flood management Detailed examples are described from Argentina Brazil Colombia Ecuador Mexico and Peru and there is
 also a chapter comparing lessons which might be learnt from US cities Contributing authors are drawn from both within and
 outside the region including from the Inter American Development Bank OECD and World Bank to set the issues in a global
 context *Management Education in India* Manish Thakur, R. Rajesh Babu, 2016-08-08 This volume problematizes different

facets of management education in India pedagogy curricula and disciplinary and institutional practices from the perspective of the Global South The essays in this volume bring out the institutional challenges of crafting a relevant academic programme that converses with both national specificities and global realities Coming from diverse academic specializations the contributors traverse the interface of their respective disciplines with management education In doing so they engage with the ongoing global debate on management education This volume fills a noticeable gap of serious scholarly reflection on the state of management education While there have been sporadic reflections and occasional critiques a critical stocktaking of the institutional and disciplinary aspects of management education has been long wanting This volume is of interest to scholars and practitioners of management education across the globe and is likely to generate debate on its contemporary relevance and future trajectory

Health services for Egyptian Border Communities during the Covid-19 pandemic Sherif Mohyeldeen,2022-08-11 This briefing reviews the experiences of minorities and indigenous peoples in Egypt during the Covid 19 pandemic including their living conditions and access to public health services In particular it focuses on the experiences of Nubians Bedouins and Amazigh in the border regions of Aswan Sinai and Matrouh While the dispatch of mobile health clinics to the most neglected areas can provide some relief there is still an urgent need to address the root causes of the health care crisis New policies addressing both education and health in those areas can help to resolve the issues most effectively For minority and indigenous communities resident there who already contend with high levels of poverty and marginalization the need is especially acute In all three regions despite a general surge in spending on health care across the country many shortcomings remain The briefing closes with a set of recommendations to address these challenges focused on targeted prioritization measures in border regions greater attention to training and capacity building of local personnel as well as sustainable delivery with more budget dedicated to staff development and service improvements
