Christianity and Controversies over Homosexuality in Contemporary Africa Ezra Chitando, Adriaan van Klinken, 2016-05-12 Issues of homosexuality are the subject of public and political controversy in many African societies today. Frequently these controversies receive widespread attention both locally and globally such as with the Anti Homosexuality Bill in Uganda. In the international media these cases tend to be presented as revealing a deeply rooted homophobia in Africa fuelled by religious and cultural traditions. But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them. Complementing the companion volume *Public Religion and the Politics of Homosexuality in Africa* this book investigates Christian politics and discourses on homosexuality in sub-Saharan Africa. The contributors present case studies from various African countries from Nigeria to South Africa and from Cameroon to Uganda focusing on Pentecostal Catholic and mainline Protestant churches. They critically examine popular Christian theologies that perpetuate homophobia and discrimination but they also discuss contestations of such discourses and emerging alternative Christian perspectives that contribute to the recognition of sexual diversity, social justice and human rights in contemporary Africa. *Visions of the Good Life*, 2025-11-13 There is something wrong with us and the world we find ourselves in. In the Christian tradition the concept of God's salvation describes the divine intervention to overcome this brokenness. However such language might easily be misunderstood in the increasingly secular West. To make the reality of the doctrine of salvation understandable, relevant and attractive for Europeans in the West we might begin to think of it more in terms of relationship, well-being and wholeness. Using a Biblical term, salvation is about the Shalom of the Reign of God. This volume explores the lived salvation practices of faith communities and missions and their conceptualisations in the West: how is the good life perceived and practiced? Contributors are Clive Marsh, Jan Martijn Abrahamse, Dejan A. Daji, K. Francis Adebayo, Philip Bartholomew, Janel Kragt Bakker, Nigel Rooms, Karen Zwijze, Koning Hans Schaeffer, Berdine van den Toren, Lekkerkerker, Jack Barentsen, Chris James Sake Stoppels, Annemieke de Jonge, Bert Roor, Evelien van Duffelen, Harvey Kwiyani, James Butler, Kathy Ross, Ross Lockhart and Stefan Paas. *Public Religion and the Politics of Homosexuality in Africa* Adriaan van Klinken, Ezra Chitando, 2016-04-14 Issues of same sex relationships and gay and lesbian rights are the subject of public and political controversy in many African societies today. Frequently these controversies receive widespread attention both locally and globally such as with the Anti Homosexuality Bill in Uganda. In the international media these cases tend to be presented as revealing a deeply rooted homophobia in Africa fuelled by religious and cultural traditions. But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them. This is the first book with multidisciplinary perspectives on religion and homosexuality in Africa. It presents case studies from across the continent from Egypt to Zimbabwe and from Senegal to Kenya and covers religious traditions such as Islam, Christianity and Rastafarianism. The contributors explore the role of religion in the politicisation of homosexuality, investigate

local and global mobilisations of power critically examine dominant religious discourses and highlight the emergence of counter discourses Hence they reveal the crucial yet ambivalent public role of religion in matters of sexuality social justice and human rights in contemporary Africa

THE WONDERS OF PRAISE O. V. O. AYOOLA,2014-09-22 **Les Églises d'initiative africaine** Hannes Wiher,2019-12-31 La littérature sur le thème des glises d initiative africaine est très abondante en anglais mais ce phénomène n'est pas encore un sujet de réflexion très abordé et approfondi dans le monde francophone Il suscite souvent des réactions stéréotypées et négatives qui contrastent avec l'appréciation positive des membres et des promoteurs des glises d initiative africaine Comment faut-il donc voir ce mouvement d'envergure croissante Cet ouvrage donne la parole la fois aux membres et missiologues issus des glises d initiative africaine et aux voix extérieures pour présenter ce phénomène en faisant une description puis une valuation de la contextualisation faite par ces glises et mouvements Ce deuxième texte en français sur les glises d initiative africaine rédigé dans une perspective vangelique est le fruit d'un travail collectif des doctorants en missiologie de la Faculté de théologie vangelique de Bangui au Cameroun largi quelques missiologues du Réseau vangelique de missiologues pour la francophonie Il intéressera tous ceux qui désirent mieux connaître les glises d initiative africaine

Nigerian Pentecostalism and Development Richard Burgess,2020-04-06 This book examines the contributions both intentional and unintentional of Nigerian Pentecostal churches and NGOs to development studying their development practices broadly in relation to the intersecting spheres of politics economics health education human rights and peacebuilding In sub-Saharan Africa Pentecostalism is fast becoming the dominant expression of Christianity but while the growth and civic engagement of these churches has been well documented their role in development has received less attention The Nigerian Pentecostal landscape is one of the most vibrant in Africa Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society often in fierce competition with Islam for dominance in Nigerian public space Some scholars suggest that the combination of an enchanted worldview an emphasis on miracles and prosperity teaching and a preoccupation with evangelism discourages effective political engagement and militates against development However Nigerian Pentecostalism and Development argues that there is an emerging movement within contemporary Nigerian Pentecostalism which is becoming increasingly active in development practices This book goes on to explore the increasingly transnational approach that churches take often seeking to build multicultural congregations around the globe for instance in Britain and the United States Nigerian Pentecostalism and Development Spirit Power and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development and to development practitioners and policy makers working in the region

Transnational Religious Spaces Philip Clart,Adam Jones,2020-07-06 This volume bringing together work by scholars from Europe East Asia North America and West Africa investigates transnational religious spaces in a comparative manner by juxtaposing East Asian and African examples It highlights flows of ideas actors and organizations out of into or within a given

continental space These flows are patterned mainly by colonialism or migration The book also examines cases where the transnational space in question encompasses both East Asia and Africa notably in the development of Japanese new religions in Africa Most of the studies are located in the present a few go back to the late nineteenth century The volume is rounded off by Thomas Tweed's systematic reflections on categories for the study of transnationalism his chapter Flows and Dams critically weighs the metaphorical language we use to think speak and write about transnational religious spaces
