accuse someone of simply seeking justification to use epithets in order to put him on the defensive and into the unenviable position of having to assert that he s not a racist It s also dirty and hateful to do so and that s how such responses should be considered We also review Agenda 21 Document 7277 the Illuminati the Club of Rome and the Committee of 300 in brevity We discuss the New World Order and speculate about megaregions and their locations both in the United States and abroad We take a very long train ride from the most southern tip of South America all the way to New Zealand and we discuss possibilities for a likely location for the capital of the world that may surprise you We even speculate about a location right here in the United States for a habitat for useless eaters We discuss how close we have come in our society to achieve all the goals of the New World Order I really hope you enjoy the read
