Last Shuttle Flight, First Alien Contact (PARTS 1 to 3): Omnibus Edition J. Jack Bergeron, Think NASA's last shuttle flight was the end of American technological space dominance July 21 2011 might have been the final date of the Atlantis shuttle flight but it sure

wasn't the end of amazing discoveries In PART 1 of this fictionalized series of that flight the crew comes into first contact with alien extraterrestrials who discover the Atlantis space shuttle as they are finishing their last few orbits around Earth If earthlings are stunned at this UFO sighting the aliens are even more stunned Part 2 Expectations go beyond anyone's dreams as the reality of faster than light travel is introduced to humans However the reality of extraterrestrial contact is not what they expected Part 3 of Last Shuttle Flight First Alien Contact demonstrates the different mindsets of both humans and aliens in this space exploration adventure of a first contact UFO sighting Being aware of each other has altered the thinking of both This sequel of a extraterrestrial contact series demonstrates how these two species begin to deal with each other and what their expectations for the future hold The big question is will the Earth survive a second alien expedition To solve these mysteries order a copy of Last Shuttle Flight First Alien Contact today This Omnibus Edition collects the three parts of this story into a single book note all people in this novel are fictionalized characters who have no relationship or bearing with anyone in the space program past or present

We Are Agora Byron Reese, 2023-12-12 Discover a groundbreaking new way of thinking about life society and the future of our species that bridges science and human history Could humans unknowingly be a part of a larger superorganism one with its own motivations and goals one that is alive and conscious and has the power to shape the future of our species This is the fascinating theory from author and futurist Byron Reese who calls this human superorganism Agora In *We Are Agora* Reese starts by asking the question What is life and how did it form From there he looks at how multicellular life came about how consciousness emerged and how other superorganisms in nature have formed Then he poses eight big questions based on the Agora theory including If ants have colonies bees have hives and we have our bodies how does Agora manifest itself Does it have a body Can Agora explain things that happen that are both under our control and near universally undesirable such as war How can Agora theory explain long term progress we've made in the world In this unique and ambitious work that spans all of human history and looks boldly into its future Reese melds science and history to look at the human species from a fresh new perspective Told with his characteristic wit and compulsive readability *We Are Agora* will give readers a better understanding of where we've been where we're going and how our fates are intertwined
