The Concise Oxford Companion to English Literature Dinah Birch, Katy Hooper, 2012-06-14 This book

provides a compact guide to all aspects of English literature For this edition existing entries have been updated and new entries have been added on contemporary writers such as Jim Crace and Pat Barker *Worlds Gone Awry* John J. Han,C. Clark Triplett,Ashley G. Anthony,2018-08-30 Dystopian fiction captivates us by depicting future worlds at once eerily similar and shockingly foreign to our own This collection of new essays presents some of the most recent scholarship on a genre whose popularity has surged dramatically since the 1990s Contributors explore such novels as *The Lord of the Flies* *The Heart Goes Last* *The Giver* and *The Strain Trilogy* as social critique revealing how they appeal to the same impulse as utopian fiction the desire for an idealized yet illusory society in which evil is purged and justice prevails **Heritage Rare Books Auction #6025 , 2001 between Kubrick and Clarke** Filippo Ulivieri,Simone Odino,2023-04-13 The story of how 2001 A Space Odyssey came to be made is in many ways as epic as the events portrayed in the film itself and until now just as mysterious In 1964 with *Dr Strangelove* ready for release Stanley Kubrick was uncertain about what his next project would be and considered making a film dealing with several contemporary themes It was only when he encountered Arthur C Clarke that he decided to make a science fiction film Yet it took more than four years for 2001 A Space Odyssey to reach the screen a productive and creative odyssey that involved experimentation last minute rethinks strokes of genius quarrels ultimatums feats of will and mental breakdowns Drawing extensively from never before seen material including production documents and private correspondences 2001 between Kubrick and Clarke gives for the first time a complete account of the two authors creative collaboration one which casts lights on their on again off again relationship as well as revealing new information about the genesis production and reception of the first and most important film about space the origin of humankind and its destiny among the stars *Socializziamo in inglese* Anthony J. Zambonini,2008 **ENGLISH SOCIAL AND CULTURAL HISTORY** CHOUDHURY, BIBHASH,2019-05-01 The second edition of the book with its emending and updated text provides a glimpse into the English life and culture starting from the middle ages to the twenty first century As the English life and culture are inextricably interwoven with the literary traditions of England and its myriad aspects this study provides significant insights into the field of English literature and the contexts it emerges from The text begins with a description of English life and culture from the Medieval period to the Renaissance The author gives a masterly analysis of such subjects as Feudalism Medieval Drama and literature the Renaissance the Reformation and most significantly the Elizabethan Theatre A new sub section on Women Writers of the Renaissance has been added to this chapter Then the text goes on to describe in detail about the Restoration Period and the Age of Reason Besides the book gives a wealth of information on important topics like Romanticism the Industrial Revolution Victorianism and Victorian literature The text concludes with a chapter that deals on Modernism Literature and Culture in the Postmodern World and Aspects of Contemporary Culture and Society In the last chapter two sub sections have been introduced on British Fiction in the Twenty First Century and Brexit What distinguishes the text is the provision of a Glossary at the end of each chapter which gives not
