

Animal Testing

Argumentative Essay

Another animal lay dead on the table. Another victim of "research". Animal testing has proven an amazing way to learn how to cure various diseases, however it has come at a cost. Animal blood has been spilled so that we can survive. And even though it is useful, it is painful and harsh. Even though animal testing is a last resort and can help cure diseases, animal testing should not continue since the animals can die and don't get a choice.

Using animals for testing is amazing for us, but not so amazing for the animals on account of the fact that the animals can, and do, die. Knowing the fact that animals can help cure diseases prompts the fact that animals are often infected with said diseases so we can cure them, which, in turn, makes the animal go through the pain of the diseases and symptoms, which may kill them. According to paragraph 15 of "We Need to Stop Animal Testing", the author states, "Although humans often benefit from animal successful animal research, the pain, the suffering, and the deaths of animals are not worth the possible human benefits." This evidence shows how harsh the testing environments are and that the animals are not treated well. They are in pain, suffering through those procedures just so we can get more scientific research and more medicine to let us live. Animals are put through enough already, and dying to a test should not be one of them.

When testing starts, animals don't get to choose whether or not they are picked first to test on, or whether they're tested on at all. Scientist raise these animals in captivity for most of their lives and they don't get to see the wild. According to paragraph 17 of "We Need to Stop Animal Testing", the author states, "Yet animals rights are violated when they are used in research because

Writing Alex Baratta,2010-07-12 Considering the fact that the academic essay continues to be widely used as an assessment tool within education there is a need for students to develop their skills in this area However it is often the case that students perceive instruction in academic writing if it is offered at all as boring This book addresses these two issues First the book can be used by students themselves even in the absence of academic writing classes as a self help guide from which they can develop their knowledge of academic writing and subsequent proficiency Second by discussing the components of academic writing in terms such as film which are familiar to today s generation students are enabled to relate to the material better and see what might have been perceived as dull from a brand new perspective Visual learners in particular will enjoy the analogous link between films and essays and students today are arguably more visually literate than previous generations being exposed to visuals on a daily basis through text message iconography computer games and the Internet The visual instruction provided in turn helps to facilitate mental visuals in students minds from which their knowledge of essay writing can start to develop
