A War Primer:

War Primer Bertolt Brecht, 1998 The title is ironic How to make war like Oh what a lovely war A large format picture book containing over eighty photographs of the Second World War each with a four line poem by Brecht written as the events unfolded This is the first publication in English of a major work by Brecht Adam Broomberg & Oliver Chanarin war primer 2 Bertolt Brecht, 2018 War Primer 2 appropriates the first English language version of Bertolt Brecht's 1955 *Kriegsfibel* in which Brecht combined press photographs from the World Wars with four line poems Compiled intermittently over three decades Brecht's book was a visual and lyrical attack on war and its propagandists under modern capitalism Shifting the critique to contemporary narratives portrayed in the so called War on Terror Broomberg and Chanarin strategically overlay the pictorial pages of Brecht's War Primer with images culled from the internet and generated by the participants and reporters of the contemporary conflict Underlying this junction of two visual histories is a profound skepticism of mass media images Brecht's War Primer notably drew attention to the didactic role of photojournalism that served war's callous profiteers The title deliberately recalled textbooks used to teach primary school children how to read and the book which used razor sharp words to dismantle visual messages effectively served as a manual demonstrating how to read or translate press photographs images that Brecht referred to as hieroglyphics in need of decoding This paperback edition of the 21st century adaptation is a facsimile of the book which earned Adam Broomberg and Oliver Chanarin the 2013 Deutsche Börse Photography Prize OCLC OLUC *A War Primer. Containing Prayers, Old and New, for Public and Private Use in Time of War. Selected and Arranged by F.B. Macnutt* Frederic Brodie MACNUTT, 1939 **War Primer 3**, 2015 War primer 3 is a reworking of Adam Broomberg and Oliver Chanarin's War primer 2 itself a reworking of Bertolt Brecht's *Kriegsfibel* In this remarkable critique of the relationship between war and photography Brecht sought to extract the hidden meanings behind images of conflict with short poems inspired by the funereal epigrams of the ancient world Broomberg and Chanarin in turn updated Brecht's book by introducing images from the so called War on Terror each intended to resonate with Brecht's original text While in some respects brilliant in other ways Broomberg and Chanarin's follow up was deeply problematic particularly the book's existence as an expensive editioned art object and the use of unpaid uncredited intern labour in its production In the spirit of Brecht's playful invocation not to start with the good old things but the bad new ones I have reworked Broomberg and Chanarin's book into a new work primer a meditation on inequality labour and capital By restructuring the book around the text of Brecht's poem A Worker Reads History and adding new images and text a third incarnation of the book came into being one designed as a tribute to the anonymous many who keep the engines of the world turning from www.lewisbush.com **War Primer 2**, 2014 War Primer 2 is a limited edition book by Adam Broomberg and Oliver Chanarin that physically inhabits the pages of Bertolt Brecht's remarkable publication War Primer Libris 1998 The original was published in German in 1955 under the title *Kriegsfibel* War Primer 2 was published by MACK in 2011 and sold

out immediately While War Primer was concerned with images of the Second World War War Primer 2 updates Brecht's piece with images of the conflict generated by both sides of the so called War on Terror War Primer 2 was produced in the artist's studio in a limited edition of 100 copies applying silkscreen and offset printed images to 100 copies of a 1998 edition Libris London of Bertolt Brecht's 1955 War Primer This digital version combines critical and academic essays about War Primer with a screen based rendition of the artist's book from MAPP web page

War Primer Alexander Kluge, 2024-08-05 A profound exploration of the enduring impact of war in the wake of the Russian invasion of Ukraine War is back again So begins Alexander Kluge's latest book prompted by a war of aggression that though being waged in Europe is of global importance Blending simple stories with multimedia and reflecting on human responses and hope the author does not aim to take sides nor make an appeal Rather he is concerned with what he calls mole war the tenacious and often subterranean survival of war what war makes of people and what life of its own it is capable of Kluge's book is based on an iconic model the primer and named after a famous one Bertolt Brecht's Here we find simple stories underpinned with montages film stills and sequences The author was ten years old when sitting at his school desk and with his finger on the map he followed German tanks on their journey to Stalingrad In the time between then and his ninety first birthday in February 2023 this chronicler of emotions has studied the costumes of war again and again War is mortal but does not die quickly How can we respond to its demands

Dramaturgies of War Anselm Heinrich, Ann-Christine Simke, 2023-12-01 This book examines the institutional contexts of dramaturgical practices in the changing political landscape of 20th century Germany Through wide ranging case studies it discusses the way in which operationalised modes of action legal frameworks and an established profession have shaped dramaturgical practice and thus links to current debates around the institutional turn in theatre and performance studies German theatre represents a rich and well chosen field as it is here where the role of the dramaturg was first created and where dramaturgy played a significantly politicised role in the changing political systems of the 20th century The volume represents an important addition to a growing field of work on dramaturgy by contributing to a historical contextualisation of current practice In doing so it understands dramaturgy not only as a process which occurs in rehearsal rooms and writers studies but one that has far wider institutional and political implications

Army. Ordnance Department,1897 *The Fires of Moloch* Timothy Larsen,2025-06-21 The First World War is the bloodiest war in British history As casualties mounted during one of its great seemingly futile battles the Passchendaele offensive of 1917 seventeen Anglican priests serving as temporary military chaplains wrote chapters for the book *The Church in the Furnace* In it they urged the Church of England to make fundamental changes in the light of the war They were impatient and hard hitting They gained a reputation as radicals The Furnace seventeen experienced more than enough of the war Some were wounded others gassed One of them was recognized as a war hero but suffered from shell shock for the rest of his life Some won the Military Cross the Distinguished Service Order or other honours One of them was the most famous padre of them all the war poet G A Studdert Kennedy who was widely known by his nickname Woodbine Willie The others included the Irish novelist James O Hannay who wrote under the penname George A Birmingham the Oxford theologian Kenneth E Kirk and Eric Milner White whose response to the war included creating the Festival of Nine Lessons and Carols for Christmas Eve King s College Cambridge Though they had been scathing about the Church hierarchy during the war most of them lived to be consecrated a bishop They strove to make sense of the turbulent events through which they lived a span of years that included two world wars Some of their brothers died in the First World War and some of their sons in the Second World War They spoke out on issues such as birth control the League of Nations Prayer Book revision church reunion and pacifism They sought to do something with their lives after the war that would make retrospectively meaningful all the meaningless losses that had occurred during the war *The Fires of Moloch* is a group biography of a generation which went through the fire a generation which went from the Victorian age to the atomic age but which was forever haunted by the trenches and battlefields of France and Flanders 1914 18 *The War Garden* Victorious Charles Lathrop Pack,2009 This 1919 book describes both the success of the war garden in helping to reduce food shortages during the World War I period and the necessity for maintaining these gardens during peacetime Poetry, Photography, Ekphrasis Andrew D. Miller,2015 A detailed study of the ekphrasis of photography in poetry since the 19th century Unlike other critical studies of ekphrasis Miller s study concentrates solely on the lyrical ekphrasis of photographs setting out to define how the photographic image provides a unique form of poetic ekphrasis *Capital in the Mirror* Dan Krier,Mark P. Worrell,2020-04-01 Analyzes contemporary capitalism through the products of culture and art for

fresh insight into emancipatory possibilities concealed within capitalism's darkest dynamics. Aesthetic objects crafted as poetic reflections of the contradictory worlds that they inhabit are simultaneously theorized and theorizing. In *Capital in the Mirror*, eminent critical theorists explore the aesthetic dimension for reflective visions of capital that are difficult to obtain through even the most rigorous statistical analyses. Chapters address inequality, alienation, ideology, warfare, and other problems of contemporary capitalism through the cultural prisms of Herman Melville, Thomas Mann, Charles Dickens, J. W. Goethe, Friedrich Hölderlin, Walt Whitman, Bertolt Brecht, and science fiction cinema. Famous narrative elements in their works, such as Ahab's pursuit of the white whale in Melville's *Moby-Dick*, demonic production and perverse desire in Mann's *Doctor Faustus*, socially electrified bodies of Whitman's *Leaves of Grass*, and dystopian projections of current sci-fi cinema, are theorized as stylistically distorted reflections of social life within capital. The authors reveal theoretical powers latent within these condensed images that prefigure the dark dynamics of capitalism. Focusing on dark images of domination and also prophetic images of transformation, the book points the way toward emancipation, social regeneration, and human flourishing. This book makes a very important contribution to critical theory and the critical human sciences and is a model of how to do a larger analysis of contemporary capitalist cultural products. Jeffrey A. Halley, coeditor of *Bourdieu in Question*. *New Directions in French Sociology of Art*. **Compilation of War Department General Orders, Bulletins, and Circulars**. United States.
