A Risk Worth Taking:

A Risk Worth Taking Robin Pilcher, 2013-08-08 After the dot com bubble burst Dan Porter is laid off from his job and must decide what is truly important His wife of twenty years Jackie a beautiful and successful managing director at a clothing designer shop no longer connects with him His teenagers Josh Nina and Millie are distant and confusing Jackie is tempted by the attentions of a younger man at her office and thanks to an opportunity suggested by a magazine article Dan finds himself contemplating a drastic change in his life *A Risk Worth Taking* is an insightful thought provoking novel of a man who has to discover what he really values in his work marriage and life Robin Pilcher writes fluidly and well and he is unerringly adept at capturing the details of his characters lives He has written a poignant and engrossing story about the real choices many adults face when they start taking stock of their lives

A Risk Worth Taking Zana Bell, 2011-06-01 Any red blooded American male would be all over Cressa Curtis She s gorgeous she s wild and clearly she s open for a no strings attached adventure But Adam Walker s been there done that And now he wants more for himself Even with his history Adam still believes in love and family and marriage and the whole white picket fence hardly what Cressa is offering Besides everything about the crazy Kiwi spells danger and distraction two things Adam can t afford to risk with his sights set on medical school He s only in New Zealand for a month Surely he can resist Cressa s advances that long

A Risk Worth Taking Robin Pilcher, 2013-08-08 Life has not turned out the way that Dan Porter had planned He thought that when he married Jackie twenty five years before he would be providing for her and their family until he could retire to a small house on the Devon coast and sit with a smug smile on his face knowing that he had not only done his bit to perpetuate the human race but had achieved it with distinction But life doesn t always turn out the way you imagine it will Firstly Jackie s little job turned into a high powered executive position with a top fashion house which required most of her time and attention leaving only a sliver of a moment for her parenting and home making duties Secondly that he would suffer an out of character brainstorm leave his safe job and start up a business on his own but customers had not come rushing to his door Dan becomes a house husband and most of his time is spent studying his empty email inbox Approaching fifty and having read a magazine article he thinks of a new brainwave to upsticks from London buy a croft in Scotland and take over a mail order business with Jackie The family are not amused

Chambers's Journal of Popular Literature, Science and Arts ,1892 *Bad Advice* Harold H. Connecticut* John W. Johnson,2005 Recounts the landmark 1965 Supreme Court case that declared a new and previously unarticulated right of privacy and paved the way for the *Roe v Wade* decision Decades later *Griswold v Connecticut* remains extremely controversial as an example of an activist judiciary making new law rather than merely interpreting existing law

Duncan,1993-01-01 **Our War Too** Margaret Paton-Walsh,2002 In the late 1930s a number of American women especially those allied with various peace and isolationist groups protested against the nation's entry into World War II While their story is fairly well known Margaret Paton Walsh reveals a far less familiar story of women who fervently felt that American intervention was absolutely necessary Paton Walsh recounts how the United States became involved in the war but does so through the eyes of American women who faced it as a necessary evil Covering the period between 1935 and 1941 she examines how these women functioned as political actors even though they were excluded from positions of power through activism in women's organizations informal women's networks and even male dominated lobbying groups In the Great Debate over whether America should enter the war some women favored aid to the Allies not because they hoped for war but because they hoped aid would forestall more direct U S involvement but also because they believed war was preferable to a Nazi victory Paton Walsh shows that this activism involved some of the most prominent women of their day Elizabeth Cutter Morrow whose son in law Charles Lindbergh was an isolationist spokesman supported the revision of the Neutrality Acts to allow the sale of arms to the Allies and expressed her support in a national radio broadcast Soon other women joined this debate Esther Brunauer of the AAUW journalist Dorothy Thompson and organizations like the League of Women Voters and National Women's Trade Union League broke from the pacifist tradition to advocate American aid for the Allied cause Focusing on the conflict in Europe Paton Walsh shows how these women grasped the implications of the Lend Lease program for America's entry into the war but supported it nevertheless By late 1941 the Women's Division of the Fight for Freedom Committee had been established no longer merely advocating aid to Britain to keep American boys out of battle this organization supported direct American involvement in the war as a means of stopping Nazi oppression While most historians have focused on women's pacifism Paton Walsh connects women more directly to world events and shows how those interventionists reformulated maternalist ideas to justify and explain their beliefs *Our War Too* is a story of American women trying to reconcile the irreconcilable to preserve both their principles and their peace It expands our understanding of women as political actors and thinkers about foreign policy as it sheds new light on American public opinion over the build up to the war
