Arendt and Augustine Mark Aloysius, 2024-06-28 This book addresses a lacuna in scholarship concerning Hannah Arendt s Augustinian heritage that has predominantly focused on her early work It de canonises the sources that political theology has appealed to by shifting the interpretive focus to her mature treatment in *The Life of the Mind* Arendt s initial criticism of Augustinian desiring is that it generates worldlessness In her later works Arendt develops a more nuanced reading of the movements of thinking desiring and loving in her engagement with Augustine This study attends to these movements and inspects the spatio temporal framework which structure Arendt s conception of the political The author assesses the claim that Arendt s conception of the political is drawn from a pedagogy of desiring and thinking from Augustine severed from his mystagogy Although respecting the method of political theory the author contends that Arendt s severing of Augustinian pedagogy from mystagogy brings her to an insurmountable aporia Instead the author embeds these pedagogical practices within Augustine s theology and suggests how that aporia might be overcome and used to develop a mystagogy for

contemporary political life The book will be of particular interest to scholars of political theology as well as political theory and political philosophy

Equipped to Tell the Next Generation Donna R. Ryan, 2020-04-15 Equipped to Tell the Next Generation bridges the gap between knowing and sharing our faith in Jesus by revealing areas of our beliefs and practices which have been syncretized with twenty first century American culture relative truth consumerism pleasure an independent spirit the victim mentality and the culture of doubt These go to the heart of who we are and keep Christians from telling people about Jesus in winsome ways This book provides the solution recover the holiness of God his ultimate characteristic which holds all his characteristics in perfect unity Rather than legalism genuine holiness is the highest beauty which produces wholeness because it balances holy love holy righteousness repentance of sin peace and respect for all people and all of God s creation When we meet a holy God we want to worship and to serve him because the beauty of holiness touches the very essence of our being It becomes our greatest desire to please him because of the deep love we find there a holy love unlike what the world offers This book will take you on a journey to recover the things compromised to culture and will equip you to tell the next generation about Jesus
