Music as Philosophy Michael Spitzer,2021-08-31 Beethoven s late style is the language of his ninth symphony the Missa Solemnis the last piano sonatas and string quartets the Diabelli Variations the Bagatelles as well as five piano sonatas five string quartets and several smaller piano works Historically these works are seen as forging a bridge between the Classical and Romantic traditions in terms of their musical structure they continue to be regarded as revolutionary Spitzer s book examines these late works in light of the musical and philosophical writings of the German intellectual Theodor Adorno and in so doing attempts to reconcile the conflicting approaches of musical semiotics and critical theory He draws from various approaches to musical linguistic and aesthetic meaning relating Adorno to such writers as Derrida Benjamin and Habermas as well as contemporary music theorists Through analyses of Beethoven s use of specific musical techniques including neo Baroque fugues and counterpoint Spitzer suggests that the composer s last works offer a philosophical and musical critique of the Enlightenment and in doing so created the musical language of premodernism *Music Theory in the Age of Romanticism* Ian Bent,1996-08-28 Twelve brilliant historians of theory probe the mind of the Romantic era in its thinking about music **The Guitarist's Resource Guide** Joseph Rezits,1983 *Research in Education* ,1968 Resources in Education ,1996 **Re-Reading the Beethoven Violin Sonatas** Daniel Tong,2025-04-08 New readings of the ten Beethoven sonatas for piano and violin embracing both the performer s interpretation and the analyst s rigour This book provides new readings of the ten Beethoven sonatas for piano and violin many of which have been given surprisingly little

attention by scholars to date This may be because nine of the sonatas are relatively early works written between 1797 1803 with only the final sonata Op 96 1812 standing apart However within these ten works Beethoven demonstrates numerous aspects of his musical personality and compositional style The analyses in this book engage with postmodern concerns such as hermeneutics intertextuality gender humour narratology and human interest revealing characteristics within these sonatas that have been slow to come to light Here are examples of the Beethovenian narrative that do not always encapsulate heroic struggle and triumph in many of the sonatas we find a witty smiling composer at odds with the growling Beethoven iconography Works within the violin sonata cycle interrogate the hypermasculine Beethoven trope before the last sonata is explored via a host of intertextual relationships with a body of early Romantic repertoire that emerged after Beethoven s death Embracing both the performer s interpretation and the analyst s rigour or vice versa this work offers methodologies for performer s analysis whilst acknowledging that both disciplines are essential to any project that seeks to address the nature of music as it is experienced in time
