VHF/UHF, AM/FM

APCO P-25

HPW

DAMA

HPW-IP

The Falcon III® AN/PRC-152 single-channel multiband, multimission handheld radio provides the optimal transition to JTRS technology. The radio covers the full 30 to 512 MHz frequency range with adjustable transmit output power up to 5 watts. With its JTRS-approved Software Communications Architecture (SCA) operating environment and the embedded Sierra II™ module, the AN/PRC-152 delivers modern programmable encryption in an SCA-compliant radio that supports current and future algorithms and waveforms.

The versatile AN/PRC-152 supports SINCGARS and several other waveforms, including VHF/UHF AM and FM and optional Havequick III, which are preliminary versions ported from the JTRS library. Other optional waveforms include the APCO P-25 Land Mobile Radio waveform, which allows interoperability with civilian authorities.

Additionally, the AN/PRC-152 provides robust beyond line-of-sight capability with dedicated channel MIL-STD-188-181B for 5 KHz and 25 KHz channels, including Advanced Narrow Band Digital Voice Terminal (ANDVT) with up to 56 kbps data. The latest waveform option is UHF DAMA-SATCOM, which includes MIL-STD-188-182A (5 KHz) and 183A (25 KHz). The JTRS-approved AN/PRC-152 is the first and only SCA-compliant handheld radio to provide JTC certified DAMA capability. The radio supports MELP and LPC-10 digitized voice in DAMA and dedicated SATCOM operations.

Secured by the Harris Sierra II software-programmable encryption module, the NSA-certified AN/PRC-152 supports various Type-1 device compatibility modes: KY-57/VINSON, ANDVT/KYV-5, KG-84C, FED-STD-1023 (Fascinator), Suite B AES, DS-101, and DS-102. Sierra II supports all JTRS COMSEC and TRANSEC requirements and features a low-power design to conserve battery life in the compact handheld form-factor radios.

The AN/PRC-152 hardware configuration options include an embedded GPS receiver that displays local positions and provides automatic position location information for situational awareness on the battlefield. Optionally available is a high band version that extends UHF LOS, and APCO P-25 frequency coverage to the 700/800 MHz band. A maritime version of the radio, with capabilities and connectors identical to the standard radio, is water submersible to 20 meters per MIL-STD-810F.

Another first for tactical radios, the AN/PRC-152 can store multiple mission plan files to extend adaptability of fielded radios. With the unique wireless cloning feature, squads of radios can be quickly and securely reconfigured to meet dynamic operational needs. The software-upgradeable AN/PRC-152 is moving beyond legacy radios, enabling today's warfighter to take on tomorrow's missions.

Straaijer,2023-05-05 This Handbook provides a comprehensive and cutting edge overview of the field of linguistic prescriptivism Mapping the current status quo of the field and marking its two decade transformation into a serious field of study within linguistics this volume addresses both the value and the methods of studying prescriptivism It covers Theoretical and methodological approaches from historical to experimental approaches and including corpus based methods and attitudes research Contexts in which prescriptive efforts can be both observed and studied including education technology the media language planning and policies and everyday grassroots practices Geographical contexts of prescriptivism featuring chapters on inner and outer circle Englishes English as a Lingua Franca as well as prescriptivism in the context of other world languages including minority and endangered languages With contributions from an international line up of leading and rising star scholars in the field The Routledge Handbook of Linguistic Prescriptivism marks the evolution of linguistics as a fully self aware discipline and will be an indispensable guide for students and researchers in this area **Publications Combined: Marine Combat Training (MCT) Battalion Course Materials** , To the Marines

Welcome to Golf Company and the next step in your journey to becoming part of the world's premier fighting force. Many have failed or never even attempted what you have accomplished thus far; take pride in that. However, your journey has just begun. At Marine Combat Training, we will train and educate you in the common combat skills necessary to operate within any environment. The basic skills you will learn were forged over two centuries of battles; they are timeless and vital to yours and the Corps' success now and in the future. Our Combat Instructors will Lead, Teach, Mentor, and Guide every one of you through a rigorous 29-day program of instruction. You will be taught by the most experienced professional and knowledgeable Staff Noncommissioned Officers and Noncommissioned Officers that the Marine Corps has to offer. These SNCOs and NCOs were hand-picked out of hundreds of applicants to come to the School of Infantry to be Combat Instructors. I highly encourage you to prepare your mind and body for this training; the knowledge you gain here will carry you throughout your Marine Corps career. During the training cycle, I expect you to commit yourself to your training and education by learning as much as you can from our Combat Instructors. Finally, when you graduate, I expect you to retain what you learned and uphold the time-honored traditions of our Marine Corps. Remember that regardless of military Occupational Specialty, every Marine is a Rifleman first. Every Marine, regardless of his military occupation, is trained as a Rifleman. This concept has been around since the Marine Corps' inception in 1775, when every man who volunteered was required to bring his own musket. In the early 1900s, as the Marine Corps grew and additional military occupations were created, the Commandant General John A. Lejeune ensured that every Marine, regardless of his Military Occupational Specialty (MOS), received marksmanship training. During the Korean War, the Marine Corps was the only service to create rifle companies entirely from cooks, drivers, and other non-infantry Marines. From this war, the proverbial saying "Every Marine a Rifleman" was born. In the nineteen eighties, the Commandant General Al Gray recognized the need to train all Marines in more than just basic marksmanship but in modern-day combat skills. The School of Infantry was assigned to conduct this training, known as Common Skills, because it is common to every Marine. These common skills allow every Marine, regardless of MOS, to act as a Rifleman when called upon. MCT Battalion generates Marine Riflemen to possess a foundational understanding of and their role in applying the Marine Corps warfighting ethos, core values, basic tenets of maneuver warfare, leadership responsibilities, mental, moral, and physical resiliency in order to contribute to the successful accomplishment of their unit's mission. New Rifleman Definition: A Marine Rifleman embodies the Marine Corps warfighting ethos, offensively minded, lethal, with their weapon, mentally, morally, physically resilient, proficient in basic field craft, and possessing a foundational understanding of leadership and the basic tenets of maneuver warfare.
