The Totally Gross History of Ancient Rome Jeremy Klar, 2015-12-15 While the ancient Romans continue to be regarded as highly civilized, there are aspects of ancient Roman life including the foods that they ate, dormice were a delicacy, and their leisure activities such as the notorious gladiatorial fights to the death that seem strange and repellent to us today. This high-interest history book makes use of kids' fascination with the disgusting to appeal to young readers who might not be as interested in a more straightforward history title. In its own unorthodox manner, the volume covers Roman culture, food, hygiene, medicine, religion, and military might, offering readers a comprehensive if sometimes stomach-turning view of ancient Roman life.

The civilization's architecture, language, and government were preserved by the societies that followed all the way up to the modern day. This title's informative text and bright images take readers on a trip to the past, while special features such as profiles, a cause and effect graphic, and a time and place matrix support the journey.
