How God Did It, Not Why William Lowell Putnam III,2014-07-01 This entire literary endeavor to separate Biblical literalism from observable reality was prompted by the fact that one supposedly erudite scholar managed to propound on American National Public Radio with a presumably straight face the fact that the Colorado River s Grand Canyon a notable feature of the high plateau of Northern Arizona was formed in one brief but eventful period of runoff when all the waters accumulated on Earth by the Great Flood associated with the Biblical patriarch Noah drained back into the ocean through this one channel thus carving the canyon At least this scholar paid some obeisance to the process of erosion though he may well be subject to review in his concepts of timing or geography For anyone who cares to take the time and look closely can determine given the observable rate of down cutting and the total volume of material removed that the ongoing carving of the canyon must have begun some thousands of millennia before the alleged globally catastrophic flood Moreover if as we are told Noah s flood did cover the whole face of Earth even therefore the highest of mountains it would mean a worldwide oceanic depth of another five or more miles and thus require an off planet storage facility for all that water

The Next Dimension Is Love Dorothy Roeder,Ranoash (the Ataien.),1993-01-01 Beings from another dimension parallel to ours and yet far beyond it give their view about what is

happening on Earth now They speak about what it means to be an unlimited spiritual consciousness immersed in a limited physical body They describe how our fear of anyone different limits us and why that must change if we are to survive as a race It is our fear of change that limits our ability to reach our full potential The primary message is humanity s special ability to love in so many ways and how much we can teach the rest of the universe about creating with love That is our special contribution to this cosmos Are these beings who resemble the praying mantis really a part of us or our higher consciousness Topics include **Crystal Skulls** Jaap van Etten,2007-01-01 Crystal skulls invite you on a journey of deeper understanding of who you are Learn to understand crystal skulls their different characteristics their special energies and how you can use these energies for your personal growth **Permission to Ascend** Arthur Fanning,2015-09-01 The Great One allowed all things to be Then there became these supplications for a greater knowledge in the physical world with the questioning There has to be more than this There has to be more than this Many have asked that and said that and searched for that for years thousands and thousands of years The request for this further information of there s more than this has been answered yes And you are in the process of it In Permission to Ascend you become aware of the humility within the self to understand the process that you call ascension Humility is a requirement in order to get the permission that you need in order to work through this realm This humility allows your divine force to enter you so that it can descend and you are the humble carrier of that energy
