Ancient Myths Ancient Lies The Origins Of Heresy:

Ancient Myths, Ancient Lies Jack Ashcraft, 2014-12-17 Church Father and staunch defender of Christian Orthodoxy Hippolytus of Rome explores in depth the origins of all heresies the tenets of which still exist today He takes the reader on a journey through the various schools of divination and the various Gnostic cults detailing their practices and beliefs finally ending the treatise with a presentation of the Gospel of Jesus Christ This book is excellent for any researcher of ancient paganism Gnosticism Early Christianity or Apologetics *The Sacred Science of Ancient Japan* Avery Morrow, 2014-01-24 The first English translation and examination of secret Japanese writings dating from the paleolithic to classical eras Examines four suppressed and secret texts to discover the deeper truths beneath Japanese mythology Introduces evidence of ancient civilizations in Japan the sacred geometry of primitive times and claims of a non Earthly origin of the Emperors Explores how these texts convey the sacred spiritual science of Japan s Golden Age with parallels in ancient India Europe and Egypt In Japan there are roughly two dozen secret manuscripts originally dating back to the paleolithic era the age of heroes and gods that have been handed down by the ruling families for centuries Rejected by orthodox Japanese scholars and never before translated into English these documents speak of primeval alphabets lost languages forgotten technologies and the sacred spiritual science Some even refer to UFOs Atlantis and Jesus coming to Japan Translating directly from the original Japanese Avery Morrow explores four of these manuscripts in full as well as reviewing the key stories of the other Golden Age chronicles In the Kujiki manuscript Morrow uncovers the secret symbolism of a Buddhist saint and the origin of a modern prophecy of apocalypse In the Hotsuma Tsutaye manuscript he reveals the exploits of a noble tribe who defeated a million strong army without violence In the Takenouchi Documents he shows us how the first Japanese emperor came from another world and ruled at a time when Atlantis and Mu still existed And in the Katakamuna Documents the author unveils the sacred geometries of the universe from the symbolic songs of the 10 000 year old Ashiya tribe He also discusses the lost scripts known as the Kamiyo Moji and the magic spiritual science that underlies all of these texts which enabled initiates to ascend to higher emotional states and increase their life force Taking a spiritual approach la Julius Evola to these parahistorical chronicles Morrow shows how they access a higher order of knowledge and demonstrate direct parallels to many ancient texts of India Europe and Egypt **Heresy in the University** Jacques Berlinerblau, 1999 One of the most controversial books to come out of the academy in the last fifteen years is Martin Bernal s *Black Athena* It has been a true cause celebre Afrocentrists have both praised the book and claimed that Bernal stole from the work of black scholars to create his study of the Afroasiatic roots of classical civilization Classicists feel passionately about what they perceive as an attack from an outsider on the origins not only of ancient Greece but of their own discipline It seems that everyone has something to say about the book the question is how many really understand it In *Heresy in the University* Jacques Berlinerblau provides an exegesis of the contents of *Black Athena* making it accessible to a wider audience As he clarifies and

restates Bernal's opus. Berlinerblau identifies Bernal's flaws in reasoning and gaps in evidence. He cuts to the heart of Bernal's prose, singling out the key points of Bernal's argument, explaining and arranging them in a cogent manner. Berlinerblau addresses the critics' really important objections, including his own, and links each of them to the appropriate substantive argument in *Black Athena*. He goes beyond simple summary and exposition to present the underlying stated and unstated agendas of Bernal and his critics. Ultimately, he exposes both sides and asks what the flawed reasoning from all concerned reveals about the stakes in this key academic dispute and what that in turn says about the modern academy.

Jacques Berlinerblau is an assistant professor and director of Judaic studies at Hofstra University. [The Heresy of Ham, Revised Edition](#) Joel Edmund Anderson, 2024-11-07

One of the most controversial issues in our society today, especially within Evangelicalism, is that of the creation-evolution debate. Over the past few decades, Fundamentalist apologists like Ken Ham of the young-earth creationist organization Answers in Genesis have made a career convincing people that the age of the Earth and the historicity of Genesis 1:11 are not just bedrock fundamental tenets of the Christian faith but are also crucial fronts in the culture war. In *The Heresy of Ham*, Joel Edmund Anderson convincingly shows that not only are the YECist claims of Ken Ham unbiblical and unscientific, but they have sowed the seeds of strife and division within countless Christian communities. He should know: he lost his job as a biblical worldview teacher at a small Evangelical school over the issue of YECism.

Anderson's ultimate message is simple: regardless of your position regarding evolution or the interpretation of Genesis 1:11, they are not fundamental to the Christian faith and should not be used as battlefronts in the culture war. If you have always had questions about the creation-evolution debate, the claims of YECism, and the way Genesis 1:11 should be interpreted, *The Heresy of Ham* is a tremendous resource for anyone struggling to come to grips with these issues. The Notion of Heresy in Greek Literature in the Second and Third Centuries Alain Le Boulluec, 2022

This investigation aims to demonstrate how the concept of heresy emerges in the work of Justin Martyr. First published in 1985 under the title *La notion d'hérésie dans la littérature grecque IIe-IIIe siècles*, it has been newly translated into English with the addition of a new introduction surveying literature in the intervening decades.

The Israelis: Founders and Sons Amos Elon, 2019-08-16

Superb. The first critical analysis of Israel written from within. It's a deliberate act of self-awareness exploring how a people got where they are. Time. The most illuminating, even-handed, candid appraisal of the contemporary Jewish condition yet to appear. Newsweek. A penetrating, profound, explosive essay analysis of the Israelis and the Jews. Elon is that very rare writer of contemporary history who can sincerely and honestly see and sympathize with the irreconcilable forces of so suicidal a death embrace as the Israeli-Arab struggle. A moving, enlightening, stimulating book. This book is a beacon. David Schoenbrun, *The New York*

Times Amos Elon should be praised he has written the most acute even handed portrait yet of the perennially controversial Israelis he has created a portrait that is as complex as it is palpable Roger Jellinek The New York Times An instant bestseller in Hebrew and in English from 1971 it became required reading in schools and mirrored the lives of Israelis The Guardian A superb book The Nation Amos Elon s The Israelis stands out as a uniquely valuable book Commentary Magazine
