And Then Another Sheep Turned Up:

Hare and Tortoise Race Across Israel Laura Gehl, Aesop, 2015-01-01 Two good friends Hare and Tortoise race from Tel Aviv to the Dead Sea enjoying the unique culture and geography of Israel along the way *Wolves on the Hunt* L. David Mech, 2015-05-22 The interactions between apex predators and their prey are some of the most awesome and meaningful in nature displays of strength endurance and a deep coevolutionary history And there is perhaps no apex predator more impressive and important in its hunting or more infamous more misjudged than the wolf Because of wolves habitat speed and general success at evading humans researchers have faced great obstacles in studying their natural hunting behaviors The first book to focus explicitly on wolf hunting of wild prey *Wolves on the Hunt* seeks to fill these gaps in our knowledge and understanding Combining behavioral data thousands of hours of original field observations research in the literature a wealth of illustrations and in the e book edition and online video segments from cinematographer Robert K Landis the authors create a compelling and complex picture of these hunters The wolf is indeed an adept killer able to take down prey much larger than itself While adapted to hunt primarily hoofed animals a wolf or especially a pack of wolves can kill individuals of just about any species But even as wolves help drive the underlying rhythms of the ecosystems they inhabit their evolutionary prowess comes at a cost wolves spend one third of their time hunting the most time consuming of all wolf activities and success at the hunt only comes through traveling long distances persisting in the face of regular failure detecting and taking advantage of deficiencies in the physical condition of individual prey and through ceaseless trial and error all while risking injury or death By describing and analyzing the behaviors wolves use to hunt and kill various wild prey including deer moose caribou elk Dall sheep mountain goats bison musk oxen arctic hares beavers and others *Wolves on the Hunt* provides a revelatory portrait of one of nature's greatest hunters The Forgotten Creatures Morgan Delaney, 2024-03-15 An abandoned church rains of fish and Signs from God To save the town they'll need to stop the Second Coming The supernatural is perfectly normal in eccentric Hawkinge By Hythe When fish rain from the sky it just means free dinner Only professional sceptics the Alumni resist the witches according to the locals worry there's worse to come After a message from God Reverend Gresstart enlists the righteous Mrs Pengle to spread the word But she wants revenge more than she wants to get to heaven As the weather worsens literally raining cats and dogs the Alumni race to dig up the truth Even if no one wants them to With the townsfolk rioting over what the Lord wants the Alumni have their hands full And that's without the mystery of the whistling well the buried catapults or the man raising the dead with a parrot All while running a chemist shop and becoming honorary aunts Grab your best umbrella salvation's in the air So are fish *The Forgotten Creatures* is the third standalone adventure in this whimsically bonkers series All the World's Reward Reimund Kvideland, Henning K. Sehmsdorf, 2011-12-01 *All the World's Reward* presents ninety eight tales from Norway Denmark Sweden Swedish speaking Finland and Iceland Each area is represented by the complete recorded repertoire of a single storyteller Such a focus helps place the stories in the context of

the communities in which they were performed and also reveals how individual folk artists used the medium of oral literature to make statements about their lives and their world Some preferred jocular stories and others wonder tales some performed mostly for adults others for children some used storytelling to criticize society and others spun wish fulfillment tales to find relief from a harsh reality For the most part collected a century ago the stories were gleaned from archives and printed sources the Icelandic repertoire was collected on audiotape in the 1960s Each repertoire was selected by a noted folklorist Introductions to the storytellers and collectors and commentaries and references for the tales are provided A general introduction a comprehensive bibliography and an index of the tales according to Aarne Thompson s typology are also included Period illustrations add charm to the stories
