Baylen, Karla. "Poverty among Children: The Impact and Evolution of Child Benefits." *In The Question on Commitment: The Rights of Children*, edited by Mae Alvar and Brian Howe, 23-45. Waterloo, ON: Ontario University Press, 2009.

Karla Baylen works on a study of different government documents, including her own research as a policy analyst involving the different programs of child benefits. She presents some logical assumptions that support the idea that all members of the society need to contribute towards the upbringing of children. Her comparison on child poverty is a valuable wake-up to anybody who thinks that the government is doing a good job in protecting children.

Krooner, Bob, and Rodney Beau. "Poverty among Children and Structure in Families, 1983-2000." *Comparative Family Studies Journal* 36, no. 5 (2005): 323-337.

As professors in Psychology, Krooner and Beau identify the demographics of families that are impoverished. Drawing on the annual consumer finances, both authors take into consideration whether the family had either one or two parents, the age, as well as the number of children. They analyze the poverty rates among children based on these demographic factors.

Miranda, Mallen. "Understanding Children Poverty", 34-56. Cincinnati, OH: ABA University Press, 2009.

Mallen Miranda outlines the costs, development and benefits offered by the conservative government in favor of the children. However, in this work, he depends heavily on his personal work, being the sole author. He could further take this work a level higher by accepting the analyses and perspectives of others.

Empirical

Research and Writing Leanne C. Powner, 2014-11-04 Students can easily misstep when they first begin to do research. Leanne C Powner's new title *Empirical Research and Writing: A Student's Practical Guide* provides valuable advice and guidance on conducting and writing about empirical research. Chapter by chapter students are guided through the key steps in the research process. Written in a lively and engaging manner and with a dose of humor, this practical text shows students exactly how to choose a research topic, conduct a literature review, make research design decisions, collect and analyze data, and then write up and present the results. The book's approachable style and just-in-time information delivery make it a text students will want to read, and its wide-ranging and surprisingly sophisticated coverage will make it an important resource for their later coursework.

A Student's Guide to Academic and Professional Writing in Education Katie O. Arosteguy, Alison Bright, Brenda J. Rinard, 2019 This concise handbook helps educators write for the rhetorical situations they will face as students of education and as preservice and practicing teachers. It provides clear and helpful advice for responding to the varying contexts, audiences, and purposes that arise in four written categories in education: classroom research, credential and stakeholder writing. The book moves from academic to professional writing, and chapters include a discussion of relevant genres, mentor texts with salient features identified, visual aids, and exercises that ask students to apply their understanding of the concepts. Readers learn about the scholarly and qualitative research processes prevalent in the field of education and are encouraged to use writing to facilitate change that improves teaching and learning conditions. At the heart of this book is a commitment to the value of teachers' voices. From the Foreword by Mya Poe, director, Writing Program, Northeastern University. This book is one tool to help prospective educators embrace all the writing that is to come.

Anne Elrod, Whitney Penn State College of Education. The authors know the questions students might ask and the places where they might misstep. The book is supportive, analytical, logically sequenced, clear, and student-friendly. Tim Dewar, UC Santa Barbara.
