True Tales of a Traveller 11: Solid Gold, Easy Action Alix Lee, This story the 11th in the *True Tales of a Traveller* series is about a very unusual kind of work I was engaged in for some months in the 1980s in east Asia Later much later when writing this story I tried to find other accounts or references to this kind of work to be sure I hadn t missed any salient facts in this writing The only references to this kind of work I could find online had been written years after I had been involved in it at a time when it had already become unprofitable And none of these references went into this kind of work in any depth None mentioned the pleasures and the risks that came with this kind of work which I thought was unfortunate because there were plenty of both I found it hard to believe that I could now find barely even a trace of the existence of a kind of work I had once looked upon as a possible long term career But then again I had been given constant warnings at the time that this work was by its very nature only a temporary occupation This kind of work was inextricably interlinked with an unusual and adventurous lifestyle read on to learn exactly what this kind of work was its dangers and its pleasures
