Language Learning Review:

Formative assessment in second language learning: a systematic review and an annotated bibliography Skevi Vassiliou, Salomi Papadima-Sophocleous, Christina Nicole Giannikas, 2022-11-21 Throughout its whole history most research conducted in language assessment refers to testing It is only since 2000 that language formative assessment started being recorded in research publications This book tells the story of language formative assessment in two ways the one complementing the other in the forms of a systematic review and a descriptive and evaluative annotated bibliography from the very first published work on the subject in 2000 to 2020 While the systematic review gives the story of language formative assessment in a chronological order and gives an overview of different aspects the annotated bibliography gives more details for research work published the main purposes of the book are to 1 give a substantial background in the area 2 describe how this topic has been approached 3 contribute to the development of critical thinking 4 help in establishing the relevance and quality of the annotated material and 5 facilitate language formative researchers as well as practitioners to form an overview of the research in the area during the specific period under study The book may be of interest to language practitioners researchers teacher trainers and policy makers The authors hope that the present publication will be viewed as a valuable contribution to the history of language formative assessment *Effective Language Learning* Suzanne Graham, 1997 This book investigates some of the learning processes of students of French and German as they begin language learning at an advanced level a stage which is frequently problematic By looking at the learning strategies employed by both successful and less successful language students the author elucidates some of the key cognitive and affective processes which facilitate advanced level language learning The implications of this for the classroom are discussed in detail leading to practical recommendations for learning and teaching strategies A central theme is the need to teach explicitly the proficient use of learning strategies and suggestions are made as to how this may be achieved in the language classroom **Designing Effective Language Learning Materials for Less Commonly Taught Languages** Öner Özçelik, Amber Kennedy Kent, 2023 Many teachers of less commonly taught languages or LCTLs find themselves in the position of needing access to quality language teaching and learning materials where none exist or where those that do are extremely outdated Designing Effective Language Learning Materials for Less Commonly Taught Languages is a concise guide for language instructors or anyone with an interest in developing language learning materials While guiding instructors through the development process using the ADDIE model of instructional design Analysis Design Development Implementation Evaluation z elik and Kennedy Kent present examples from many different languages provide reflection questions for readers to consider at the end of each chapter and give concrete strategies and tips throughout the process Readers will come away from the book with a more comprehensive understanding of how to develop materials world language learning in general and LCTL learning in particular and a clear roadmap for doing so *The No-Nonsense Guide*
