 Content by experts Teach Math Like This, Not Like That Matthew L. Beyranvand,2017-05-24 Teaching mathematics is
 one of the most difficult and important jobs that anyone can do Mathematics is a critical part of education and an essential
 building block for problem solving skills that are needed in the real world However many students struggle to learn and
 understand mathematical concepts and educators need to do everything possible to help our students learn This book focuses

on four areas necessary to be an impactful teacher of mathematics Planning Pedagogy Assessment and Relationships For each of the ideas presented in the book a brief introduction will be shared and then two different perspectives will be detailed with examples The first is Not like This which is often the traditional way of teaching mathematics or the less effective approach The second perspective is Teach Like This which is my recommended approach based upon research and my own experience as a teacher math coordinator and graduate instructor of math education **Math Know-How**
