The Second Language Learning Processes of Students with Specific Learning Difficulties Judit Kormos, 2016-12-08 The Second Language Learning Processes of Students with Specific Learning Difficulties is the only recent book available to offer a detailed and in depth discussion of the second language learning processes of students with specific learning difficulties SpLDs It summarizes research advances in the fields of cognitive and educational psychology and integrates them with recent studies in the area of second language acquisition SLA Thus the book is relevant not only to readers who are particularly interested in the role of specific learning difficulties in learning additional languages but also to those who would like to understand how individual differences in cognitive functioning influence SLA The book focuses on four important areas that are particularly relevant for language learners with SpLDs the processes of SLA in general and the development of reading skills in particular the effectiveness of pedagogical programs the assessment of the language competence of students with SpLDs and identifying SpLDs in another language The book also views learners with SpLDs in their social and educational contexts and elaborates how the barriers in

these contexts can affect their language learning processes This is an excellent resource for language teachers students and researchers in the areas of second language acquisition and applied linguistics **The Routledge Handbook of Language Learning and Technology** Fiona Farr,Liam Murray,2016-02-26 The exponential growth and development of modern technologies in all sectors has made it increasingly difficult for students teachers and teacher educators to know which technologies to employ and how best to take advantage of them The Routledge Handbook of Language Learning and Technology brings together experts in a number of key areas of development and change and opens the field of language learning by exploring the pedagogical importance of technological innovation The handbook is structured around six themes historical and conceptual contexts core issues interactive and collaborative technologies for language learning corpora and data driven learning gaming and language learning purpose designed language learning resources Led by fundamental concepts theories and frameworks from language learning and teaching research rather than by specific technologies this handbook is the essential reference for all students teachers and researchers of Language Learning and TESOL Those working in the areas of Applied Linguistics Education and Media Studies will also find this a valuable book

Understanding Teaching Excellence in Higher Education Alan Skelton,2005 What makes a university teacher excellent As debates rage about whether this is down to subject knowledge communication skills taking a research led approach or being a technological whiz this book provides the first in depth examination of teaching excellence in higher education Identifying and examining interpretations of teaching excellence it considers what excellent means and implies for practice **The Handbook of Educational Linguistics** Bernard Spolsky,Francis M. Hult,2010-02-01 The Handbook of Educational Linguistics is a dynamic scientifically grounded overview revealing the complexity of this growing field while remaining accessible for students researchers language educators curriculum developers and educational policy makers A single volume overview of educational linguistics written by leading specialists in its many relevant fields Takes into account the diverse theoretical foundations core themes major findings and practical applications of educational linguistics Highlights the multidisciplinary reach of educational linguistics Reflects the complexity of this growing field whilst remaining accessible to a wide audience *Assessment and Autonomy in Language Learning* C. Everhard,L. Murphy,2015-03-25 This book examines this contested relationship between assessment and autonomy from a number of perspectives in a variety of Higher Education language learning contexts in Europe and the Far East The contributors to the book describe research into assessment both for and as autonomy as well as approaches to the assessment of autonomy itself **Innovative Practices in Early English Language Education** David Valente,Daniel Xerri,2023-02-08 This book shines a light on novel and less familiar domains of early English language education for children aged 3 to 12 in mainstream and out of school settings Enveloping the volume is the making of creative connections to wider educational philosophies which extend beyond the confines of a narrow linguistic lens In reconciling the theory practice divide in English language education each chapter

presents a synthesis of research issues leading to a practical showcase of ideas Organised in two main parts the first focuses on innovations within classroom practice curriculum development and child centred assessment exploring areas which have either received insufficient attention and or have been reimaged through fresh perspectives The second part explores innovations in pre and in service teacher education contexts and focuses on lesser known and or underexplored topics including bridging general and language education multilingualism in depth learning metacognition and pragmatics This is a timely publication for teacher educators and practitioners alike New educational landscapes: innovative perspectives in language learning and technology Alessia Plutino,Kate Borthwick,Erika Corradini,2019-07-10 This edited collection presents a selection of contributions made to the 12th eLearning symposium held at the University of Southampton in January 2019 It focusses on how innovative and creative language teaching approaches can respond to modern ever transforming educational landscapes Our contributors are educators from higher education across the UK and the world and topics include virtual reality and gamified learning in languages digital field trips open educational practice massive open online courses and telecollaboration We hope that this volume will inspire practitioners to experiment with new responses to the challenges that technology brings into language education Working Mother ,1998-07 The magazine that helps career moms balance their personal and professional lives
