- 8 Read the article about online newspapers. Six sentences are missing from the article. Choose from the sentences A–F the one which fits each gap.

#### News online

For many people, buying and reading a newspaper is part of their daily routine. They enjoy spending time searching the pages for interesting political stories, laughing at cartoons, catching up with the latest sports results and reading about celebrity scandals. They take their newspapers into work, on the bus or into a café, and reading it over breakfast is a tradition for many people. (1) \_\_\_\_\_ Or is it?

There has been a news revolution going on over the last few years. (2) \_\_\_\_\_ Some newspapers started putting their reports online and now nearly all the major newspapers have online versions. We can access most of these free of charge from laptops, mobile phones and other hand-held devices. (3) \_\_\_\_\_

However, the popularity of online news is being tested. Because news is now so widely available online, newspapers are losing money. Fewer people are buying newspapers so companies have to spend more to maintain their websites. And because Internet news contains videos and graphics, the costs are even higher. (4) \_\_\_\_\_

The newspapers have a difficult choice to make. Will people continue to visit their sites if they have to pay? Will they visit another newspaper's site which is still free? (5) \_\_\_\_\_ Experts do not agree on what is going to happen. (6) \_\_\_\_\_

Others, however, have said that this step is inevitable and soon we shall have to pay more for information that we find online. We'll have to wait to see what happens.
