attitude during challenging times Answer I stay motivated by focusing on the bigger picture and the impact of my work During challenging times I remind myself of past successes and the skills I've developed to overcome difficulties I also find that maintaining a healthy work life balance seeking support from colleagues and engaging in regular exercise help me stay positive and energized 7 Can you describe a time when you had to adapt to a significant change at work Answer When our company underwent a major restructuring many roles and responsibilities shifted I embraced the change by staying flexible and open to new opportunities I proactively sought out information about the new structure and how it would affect my role and I supported my colleagues by sharing insights and encouraging a positive outlook This adaptability helped me transition smoothly and even take on new responsibilities that aligned with my career goals 8 How do you handle stress and pressure Answer I handle stress by prioritizing my tasks and breaking them down into manageable steps During high pressure situations I focus on maintaining clear communication and seeking support when needed For instance when faced with a tight deadline I created a detailed project plan and regularly updated my team on our progress which helped alleviate stress and ensured we met our objectives 9 What do you do when you realize you have made a mistake Answer When I realize I've made a mistake I own up to it immediately I analyse what went wrong and why then take corrective action and learn from the experience to prevent similar errors in the future For example I once overlooked a critical detail in a report I promptly informed my supervisor corrected the mistake and implemented a checklist system to ensure thorough reviews in the future 10 How do you build rapport with new team members or colleagues Answer I build rapport with new team members by being approachable and showing genuine interest in getting to know them I try to find common ground whether it's work related or personal interests For example when a new colleague joined our team I invited them to lunch to learn more about their background and interests which helped establish a positive working relationship and fostered a collaborative team environment These questions and answers can help gauge a candidate's emotional intelligence focusing on their ability to manage emotions handle interpersonal relationships and navigate social complexities effectively Student Team Learning
