**A Sacred Argument** Christopher M. Leighton, 2024-01-26 Our society is sharply divided along political racial and religious lines People of faith often feel debilitated in the face of these divisions understanding neither their nature nor how best to respond As these divisions become more intense the need to get at their roots becomes more urgent A Sacred Argument addresses this need equipping readers with practical and theoretical resources to engage problems that all too often break down trust shut down honest conversations and disrupt collaborative action This story aims to renew within each reader the sense of compassion and the deep yearning for understandings that can come from the encounter with those who see the world differently

**Time and Place in Deuteronomy** James Gordon McConville, J. G. Millar, 1995-01-01 The book is a literary and theological study of the themes of time and place which aims to set the so called centralization law of Deut 12:26 in the broad context of the book The authors show that time and place are pervasive themes of Deuteronomy a crucial part of its articulation of its understanding of history religion and ethics The heart of the thesis is that the foundational encounter between God and Israel at Horeb is paradigmatic for all subsequent encounters For this reason no one time or place can have final or absolute significance The thesis thus calls into question the received view that

the altar law of Deut 12 26 is a centralization law associated with Josiah s reform The refusal to identify the place is no mere device against anachronism but a consistent element in Deuteronomy s theology of history The Connection between Deuteronomy and Josiah s reform has long been an important tenet of Old Testament criticism The debate about the interpretation of Deuteronomy however has never been finally settled The present study looks in a new way at the so called centralization law of Deuteronomy which has been the most important factor in the traditional critical view of the book It sets the law in the context of a broadly based study of the theology of the book and comes to conclusions which call the connection with Josiah s reform into question A broadly based study of the themes of time and place in Deuteronomy calling into question accepted ideas about the purpose and setting of the book      **Saturday Review** ,1859      Perspectives and Practices of Education for Sustainable Development Rehema M.
