

Objective Essay Example

Crafting an essay on the topic of "Objective Essay Example" can prove to be a challenging endeavor. The difficulty lies not only in the subject matter but also in the nuanced balance required to maintain objectivity throughout the writing process. The challenge arises from the need to present information in a neutral and unbiased manner, avoiding personal opinions or emotional expressions.

Firstly, defining the scope of the essay becomes crucial. Objectivity demands a comprehensive understanding of the subject, often requiring extensive research to gather relevant data and facts. Selecting appropriate examples that illustrate the objective points without leaning towards a particular perspective can be a delicate task.

Another hurdle is steering clear of subjective language and ensuring that the language used does not inadvertently introduce bias. This requires careful word choice, a thorough review of sentences, and constant self-awareness to detect any unintentional slant.

Maintaining a logical structure adds an additional layer of complexity. The essay should progress in a manner that allows readers to follow the information easily while avoiding any jumps to conclusions. The challenge is to present a coherent narrative without letting personal inclinations seep into the analysis.

In conclusion, the difficulty of writing an objective essay example lies in the meticulous attention to detail, extensive research, and continuous self-monitoring required to uphold a neutral stance throughout. Achieving objectivity demands a high level of discipline and a commitment to presenting information without personal bias.

Objective Troy Scott Shane, 2015-09-15 Objective Troy tells the gripping and unsettling story of Anwar al Awlaki the once celebrated American imam who called for moderation after 9 11 a man who ultimately directed his outsized talents to the mass murder of his fellow citizens It follows Barack Obama's campaign against

the excesses of the Bush counterterrorism programs and his eventual embrace of the targeted killing of suspected militants And it recounts how the president directed the mammoth machinery of spy agencies to hunt Awlaki down in a frantic multi million dollar pursuit that would end with the death of Awlaki by a bizarre robotic technology that is changing warfare the drone Scott Shane who has covered terrorism for The New York Times over the last decade weaves the clash between president and terrorist into both a riveting narrative and a deeply human account of the defining conflict of our era Awlaki who directed a plot that almost derailed Obama s presidency and then taunted him from his desert hideouts will go down in history as the first United States citizen deliberately hunted and assassinated by his own government without trial But his eloquent calls to jihad amplified by YouTube continue to lure young Westerners into terrorism resulting in tragedies from the Boston marathon bombing to the murder of cartoonists at a Paris weekly Awlaki s life and death show how profoundly America has been changed by the threat of terrorism and by our own fears Illuminating and provocative and based on years of in depth reporting Objective Troy is a brilliant reckoning with the moral challenge of terrorism and a masterful chronicle of our times

Water and Cities in Latin America Ismael Aguilar-Barajas,Jürgen Mahlnecht,Jonathan Kaledin,Marianne Kjellén,Abel Mejía-Betancourt,2015-05-08 Approximately 80 per cent of the population of Latin America is concentrated in urban centres Pressure on water resources and water management in cities therefore provide major challenges Despite the importance of the issues there has been little systematic coverage of the topic in book form This work fills a gap in the literature by providing both thematic overviews and case study chapters It reviews key aspects of why water matters in cities and presents case studies on topics such as groundwater management green growth and water services inequalities in water supply the financing of water services and flood management Detailed examples are described from Argentina Brazil Colombia Ecuador Mexico and Peru and there is also a chapter comparing lessons which might be learnt from US cities Contributing authors are drawn from both within and outside the region including from the Inter American Development Bank OECD and World Bank to set the issues in a global context
