2013 event held at Kuching Sarawak Malaysia It has been reviewed by 750 experts world wide and covers three main areas Administrative Science and Technology Management and Arts and Humanities The papers in this volume reflect the importance of the social sciences in academia and in the nations social economic growth the multi disciplinary and trans disciplinary nature of academia that transcends the broad areas of the social sciences the increasing trend towards fundamental studies in the social sciences management and the arts and the humanities which have been characterized under the overarching theme of administrative science and technology the growing demand for research outcomes affecting the public and private sectors service processes The other overlapping niche areas affecting the civil service scope will ensure more interest in and readability of the findings showcased in this proceedings book the popular and contemporary measurement techniques and methodologies employed within the scopes of the social sciences and humanities the noticeably changing trends in administrative science and technology which will greatly impact the governments of the world allowing the development of a better understanding of governmental processes and their impact on key performance and e service deliveries The reporting on technology based services will improve the public sector s agility a knowledge sharing agenda for other developing and less developed nations to emulate some of the major generic developments that have taken place in these thematic areas of CoAST 2013 **Sustainability and Law** Volker Mauerhofer, Daniela Rupo, Lara

Tarquino, 2020-07-07 The book discusses sustainability and law in a multifaceted way Together sustainability and law are an emerging challenge for research and science This volume contributes through an interdisciplinary concept to its further exploration The contributions explore this exciting domain with innovative ideas and replicable approaches It combines a variety of authors from both the public and the private sectors and thereby guarantees a broad view that enshrines the more theoretical arguments from the academic side as well as stronger practical applicable perspectives The book provides space for thoughtful expansions of established theories as well as the hopeful emergence of innovative ideas Moreover the combination of three to five contributions into the eleven parts respectively aims toward a compression of like minded thoughts This should lead to an intensification of exchange of viewpoints from different angles on a similar theme Readers therefore also have the opportunity to concentrate on single chapters but receive comprised knowledge and a variety of thoughts for new ideas on a particular theme *Justice and Popular Culture* George A. Gonzalez, 2019-07-18 This book examines how the Star Trek franchise does more than reflect and depict the political currents of the times Gonzalez argues that Star Trek also presents an argument as to what constitutes a just stable thriving society By analyzing Star Trek this book argues that in order to obtain true democracy and justice the productive forces of society must be geared toward achieving a thriving society the whole individual and the environment This dialectic is consonant with the notions of revolutionary change progress postulated by Karl Marx and examined within this text The book concludes that the only way to hope to avoid a planetary cataclysm is through justice more specifically communism as a concept of justice Contextualizing Interviews to

Detect Verbal Cues to Truths and Deceit Haneen Deeb,Aldert Vrij,Jacqueline Evans,2023-11-01 *Novel Therapies for Tolerance Induction in Solid Organ and Bone Marrow Transplantation* Michaela Lucas,Federica Casiraghi,Gerald Brandacher,2022-02-04 **Sol Plaatje's Native Life in South Africa** Janet Remmington,Brian Willan,Bhekizizwe Peterson,2016-10-01 Sheds new light on Native Life appearing at a critical historical juncture and reflects on how to read it in South Africa s heightened challenges today First published in 1916 Sol Plaatje s Native Life in South Africa was written by one of the South Africa s most talented early twentieth century black leaders and journalists Plaatje s pioneering book arose out of an early African National Congress campaign to protest against the discriminatory 1913 Natives Land Act Native Life vividly narrates Plaatje s investigative journeying into South Africa s rural heartlands to report on the effects of the Act and his involvement in the deputation to the British imperial government At the same time it tells the bigger story of the assault on black rights and opportunities in the newly consolidated Union of South Africa and the resistance to it Originally published in war time London but about South Africa and its place in the world Native Life travelled far and wide being distributed in the United States under the auspices of prominent African American W E B Du Bois South African editions were to follow only in the late apartheid period and beyond The aim of this multi authored volume is to shed new light on how and why Native Life came into being at a critical historical juncture and to reflect on how it can be read in relation to South Africa s heightened challenges today Crucial areas that come under the spotlight in this collection include land race history mobility belonging war the press law literature language gender politics and the state Present and Future of EMDR in Clinical Psychology and Psychotherapy Benedikt L. Amann,Isabel Fernandez,Gianluca Castelnuovo,2019-11-22 Eye Movement Desensitization Reprocessing EMDR therapy is an evidence based psychotherapy which has been recognized by the World Health Organization WHO as a first choice treatment for Posttraumatic Stress Disorder PTSD Beyond PTSD there has been increasing research into its mechanism of action and in the efficacy of EMDR in other psychiatric and somatic disorders with comorbid psychological trauma The motivation of this research topic was to offer new and innovative research on EMDR across the globe to an increasing number of clinicians and researchers with an interest in this trauma focused intervention **Plant Phenotyping and Phenomics for Plant Breeding** Gustavo A. Lobos,Anyela V. Camargo,Alejandro del Pozo,Jose L. Araus,Rodomiro Ortiz,John H. Doonan,2018-08-16 As a consequence of the global climate change both the reduction on yield potential and the available surface area of cultivated species will compromise the production of food needed for a constant growing population There is consensus about the significant gap between world food consumption projected for the coming decades and the expected crop yield improvements which are estimated to be insufficient to meet the demand The complexity of this scenario will challenge breeders to develop cultivars that are better adapted to adverse environmental conditions therefore incorporating a new set of morpho physiological and physico chemical traits a large number of these traits have been found to be linked to heat and drought tolerance Currently the only reasonable way to

satisfy all these demands is through acquisition of high dimensional phenotypic data high throughput phenotyping allowing researchers with a holistic comprehension of plant responses or Phenomics Phenomics is still under development This Research Topic aims to be a contribution to the progress of methodologies and analysis to help understand the performance of a genotype in a given environment
