- 9 Choose the Writing Format

2014 Final Essay For Business Studies

**Jeroen Huisman, Harry de Boer, David
D. Dill, Manuel Souto-Otero**

2014 Final Essay For Business Studies:

Handbook of the Politics of the Arctic Leif Christian Jensen, Geir Hønneland, 2015-09-25 The Arctic has again become one of the leading issues on the international foreign policy agenda in a manner unseen since the Cold War Drawing on the perspectives of geo politics and international law this Handbook offers fresh insights and perspectives on the most pressing issues grouped under the headings of political ascendancy climate and environmental issues resources and energy and the response and policies of affected countries [ECSM2014-Proceedings of the European Conference on Social Media](#) Asher Rospigliosi, Sue Greener, **International Conference on Economics and Management Engineering (ICEME2014)**, 2014-10-22 The 2014 International Conference on Economics and Management Engineering ICEME2014 is held in Hangzhou China from October 18 19 2014 The conference aims to provide an excellent international academic forum for all the researchers practitioner students and teachers in related fields to share their knowledge and results in theory methodology and application on economics management science and management engineering ICEME2014 features unique mixed topics of Economics Management Science Management Engineering and other related ones ICEME2014 proceeding tends to collect the most up to date comprehensive and worldwide state of art knowledge on economics management science and management engineering All the accepted papers have been submitted to strict peer review by 24 expert referees and selected based on originality significance and clarity for the purpose of the conference The conference program is extremely rich profound and featuring high impact presentations of selected papers and additional late breaking contributions We sincerely hope that the conference would not only show the participants a broad overview of the latest research results on related fields but also provide them with a significant platform for academic connection and exchange **Research Anthology on Human Resource Practices for the Modern Workforce** Management Association, Information Resources, 2021-12-30 Human resource departments have been a crucial part of business practices for decades and particularly in modern times as professionals deal with multigenerational workers diversity initiatives and global health and economic crises There is a necessity for human resource departments to change as well to adapt to new societal perspectives technology and business practices It is important for human resource managers to keep up to date with all emerging human resource practices in order to support successful and productive organizations The Research Anthology on Human Resource Practices for the Modern Workforce presents a dynamic and diverse collection of global practices for human resource departments This anthology discusses the emerging practices as well as modern technologies and initiatives that affect the way human resources must be conducted Covering topics such as machine learning organizational culture and social entrepreneurship this book is an excellent resource for human resource employees managers CEOs employees business students and professors researchers and academicians [Ghostwriting and the Ethics of Authenticity](#) John C. Knapp, Azalea M. Hulbert, 2016-11-18 This book presents an ethical framework which evaluates the legitimacy of the practice of

ghostwriting It explores the connection between personal authenticity and the use of ghostwriters in corporate political legal higher education and scientific contexts It then examines the history of ghostwriting as a professional practice and introduces a model for ethical analysis In this book the authors shrewdly address crucial ethical questions such as When is it acceptable for a leader to claim the words of a ghostwriter as their own When may this be inappropriate or even dangerously misleading What are the consequences when public awareness of this practice leads to cynicism about the authenticity of leaders and their communications And when if ever is the use of a ghostwriter ethical This book will be welcomed by scholars and practitioners alike as an original and timely contribution to the literature of business politics and communications

Handbook of Research on Positive Organizational Behavior for Improved Workplace Performance Baykal, Elif, 2019-11-15 Positive psychology focuses on finding the best one has to offer and repairing the worst to such a degree that one becomes a more responsible nurturing and altruistic citizen However since businesses are composed of groups and networks using positive psychology in the workplace requires applications at both the individual and the group levels There is a need for current studies that examine the practices and efficacy of positive psychology in creating organizational harmony by increasing an individual's wellbeing The Handbook of Research on Positive Organizational Behavior for Improved Workplace Performance is a collection of innovative research that combines the theory and practice of positive psychology as a means of ensuring happier employees and higher productivity within an organization Featuring coverage on a broad range of topics such as team building spirituality and ethical leadership this publication is ideally designed for human resources professionals psychologists entrepreneurs executives managers organizational leaders researchers academicians and students seeking current research on methods of nurturing talent and empowering individuals to lead more fulfilled constructive lives within the workplace

Handbook of Research on Applying Universal Design for Learning Across Disciplines: Concepts, Case Studies, and Practical Implementation Fovet, Frederic, 2021-01-22 Universal design for learning UDL has been hailed for over a decade as a revolutionary lens that allows campuses to shift their efforts to create inclusive environments In recent years UDL has gone beyond the field of disability and been explored with regards to international and indigenous students There is now a sizable body of literature that details the benefits of implementing UDL in higher education as well as a number of emerging studies examining the strategic challenges of developing UDL across institutions There is however still a relative paucity of research discussing the transformation of instruction or assessment in concrete terms Therefore there is a necessity for research and information on UDL that has already been implemented in classrooms and the practical examples of what this process of transformation looks like The Handbook of Research on Applying Universal Design for Learning Across Disciplines Concepts Case Studies and Practical Implementation offers practical examples of UDL having successfully been embedded in courses within various disciplines and classroom formats as well as across the undergraduate and graduate sectors The chapters provide case studies and concrete examples of what the UDL

reflection on practice might look like in specific faculties and departments While highlighting UDL in areas such as educational technology student engagement assignment design and inclusive education this book is ideally intended for inservice and preservice teachers administrators teacher educators higher education professors and leaders practitioners researchers academicians and students interested in the integration of UDL into strategic academic plans **The Palgrave**

International Handbook of Higher Education Policy and Governance Jeroen Huisman, Harry de Boer, David D. Dill, Manuel Souto-Otero, 2016-04-29 This state of the art reference collection addresses the major themes theories and key concepts related to higher education policy and governance on an international scale in one accessible volume Mapping the field and showcasing current research and theorizations from diverse perspectives and authoritative scholars this essential guide will assist readers in navigating the myriad concepts and themes involved in higher education policy and governance research and practice Split into two sections the first explores a range of policy concepts theories and methods including governance models policy instruments institutionalism and organizational change new public management and multi level governance The second section addresses salient themes such as institutional governance funding quality employability accountability university rankings widening participation gender inequalities technology student involvement and the role of higher education in society Global in its perspective and definitive in content this one stop volume will be an indispensable reference resource for a wide range of academics students and researchers in the fields of education education policy sociology social and public policy political science and for leadership **Proceedings of The 5th MAC 2015** group of authors, 2015-10-14 The 5th Multidisciplinary Academic Conference in Prague 2015 Czech Republic The 5th MAC 2015

Digital Media and Innovation Richard A. Gershon, 2016-02-11 Digital Media and Innovation takes an in depth look at how smart creative companies have transformed the business of media and telecommunications by introducing unique and original products and services Today s media managers are faced with the same basic question what are the best methods for staying competitive over time In one word innovation From electronic commerce Amazon Google to music and video streaming Apple Pandora and Netflix digital media has transformed the business of retail selling and personal lifestyle This text will introduce current and future media industry professionals to the people companies and strategies that have proven to be real game changers by offering the marketplace a unique value proposition for the consumer **Globally Networked**

Teaching in the Humanities Alexandra Schultheis Moore, Sunka Simon, 2015-04-10 As colleges and universities in North America increasingly identify internationalization as a key component of the institution s mission and strategic plans faculty and administrators are charged with finding innovative and cost effective approaches to meet those goals This volume provides an overview and concrete examples of globally networked learning environments across the humanities from the perspective of all of their stakeholders teachers instructional designers administrators and students By addressing logistical technical pedagogical and intercultural aspects of globally networked teaching this volume offers a unique perspective on

this form of curricular innovation through internationalization It speaks directly to the ways in which new technologies and pedagogies can promote humanities based learning for the future and with it the broader essential skills of intercultural sensitivity communication and collaboration and critical thinking

Value and Unequal Exchange in International

Trade Andrea Ricci, 2021-05-19 Contrary to the claims made by neoliberal governments and mainstream academics this book argues that the huge increase in trade in recent decades has not made the world a fairer place instead the age of globalization has become a time of mass migration caused by increasing global inequality The theory of unequal exchange challenges the free trade doctrine claiming that transfers of value from poorer to richer countries are hidden behind apparently equivalent market transactions Following a critical review of the existing approaches the book proposes a general theory of unequal exchange in the light of an innovative reconstruction of Marx's international law of value in which money and exchange rates play a crucial role in decoupling value captured from value produced by different countries even in perfectly competitive world markets On this theoretical basis the book provides an empirical analysis of the international transfers of value in both traditional trade and Global Value Chains The resulting world mapping of unequal exchange shows the geographical hierarchy of capital global exploitation by revealing a world divided into two quite separate camps of donor and receiving countries the former being the poorer countries and the latter the richer countries This book is addressed to scholars and students of economics and social sciences as well as activists of the North and the South interested in a better understanding of the asymmetric power relations implied in global trade It makes a significant contribution to the literature on political economy trade Marxism international relations and economic geography

Distracted James M.

Lang, 2020-10-20 Keeping students focused can be difficult in a world filled with distractions which is why a renowned educator created a scientific solution to one of every teacher's biggest problems Why is it so hard to get students to pay attention Conventional wisdom blames iPhones insisting that access to technology has ruined students' ability to focus The logical response is to ban electronics in class But acclaimed educator James M Lang argues that this solution obscures a deeper problem how we teach is often at odds with how students learn Classrooms are designed to force students into long periods of intense focus but emerging science reveals that the brain is wired for distraction We learn best when able to actively seek and synthesize new information In *Distracted* Lang rethinks the practice of teaching revealing how educators can structure their classrooms less as distraction free zones and more as environments where they can actively cultivate their students' attention Brimming with ideas and grounded in new research *Distracted* offers an innovative plan for the most important lesson of all how to learn

Africa and the Sustainable Development Goals Maano Ramutsindela, David Mickler, 2019-06-13 The book draws upon the expertise and international research collaborations forged by the Worldwide Universities Network Global Africa Group to critically engage with the intersection in theory and practice of the Sustainable Development Goals SDGs and Africa's development agendas and needs Further it argues that and demonstrates how the

SDGs should be understood as an aspirational blueprint for development with multiple meanings that are situated in dynamic and contested terrains. As the SDGs have substantial implications for development policy and resourcing at both the macro and micro levels, their relevance is not only context specific but should also be assessed in terms of the aspirations and needs of ordinary citizens across the continent. Drawing on analyses and evidence from both the natural and social sciences, the book demonstrates that progress towards the SDGs must meet demands for improving human well-being under diverse and challenging socio-economic, political, and environmental conditions. Examples include those from the mining industry, public health, employment, and the media. In closing, it highlights how international collaboration in the form of research networks can enhance the production of critical knowledge on and engagement with the SDGs in Africa. *Handbook of Qualitative Research Methodologies in Workplace Contexts* Joanna Crossman, 2021-02-26 This comprehensive Handbook explores both traditional and contemporary interpretations of qualitative research in the workplace, examining a variety of foundational and innovative qualitative methodological approaches. *We Are Better Than This* Robyn Cadwallader, 2015-10-07 *We Are Better Than This* is a collection of essays and poetry addressing the Australian government's asylum seeker policy. The aims of the book are several: to provide some of the information about the situation in detention camps that is being withheld by the government; to correct some of the government's misrepresentations of the current situation; to clarify some of the complex legal issues surrounding the right to seek asylum; and to give some insight into the plight of those who are seeking asylum. It is hoped that this book will better inform people about the government's policies to support those who are unsatisfied and seeking to change the situation, as well as those who are uncertain and need more easily accessible and reliable information. Contributors are drawn from several areas of expertise and engagement with asylum seekers. **Military Review**, 2015 *Corpus linguistics on the move* María José López-Couso, Belén Méndez-Naya, Paloma Núñez-Pertejo, Ignacio M. Palacios-Martínez, 2016-07-11 Honoured with the 2017 AESLA Research Award of the Spanish Association of Applied Linguistics, *Corpus linguistics on the move: Exploring and understanding English through corpora* comprises fourteen contributions by leading scholars in the field of English corpus linguistics, covering areas of central concern in corpus research and corpus methodology. The topics examined in the different chapters include issues related to corpus compilation and annotation, perspectives from specialized corpora, and studies on grammatical and pragmatic aspects of English, all these examined through a broad range of corpora, both synchronic and diachronic, representing both EFL and different native varieties of English worldwide. The volume will be of primary interest to students and researchers working on English corpus linguistics, but is also likely to have a wider general appeal. Contributors are Bas Aarts, Si n Alsop, Anita Auer, Jill Bowie, Eduardo Coto, Villalibre Pieter de Haan, Johan Elsness, Moragh Gordon, Hilde Hasselg r d Turo, Hiltunen Magnus, Huber Marianne, Hundt Mikko, Laitinen Martti, M kinen Beatriz, Mato M guez Mike, Olson Antoinette Renouf, and Bianca Widlitzki. ICFF 2019 Darmawan Napitupulu, Janner Simarmata, Dahlan Abdullah, 2019-08-13 The

Proceeding book presented the International Conference on Financial Forensics and Fraud which is an international conference hosted by Universitas Hindu Indonesia in collaboration with Australasian Accounting Business and Finance Journal Total 30 full papers presented were carefully reviewed and selected from 50 submissions with the topics not limited to Fraud and Financial Forensics from various disciplines The 2019 Conference was held in Bali Indonesia from 13 to 14 August 2019 which had been attended by academics and researchers from various universities worldwide including practitioners with the theme Financial Forensics and Fraud Detection in Revolution Industry 4.0 Professional Journal of the United States Army ,2015
