An Unfinished Life John F Kennedy English Edition:

An Unfinished Life Robert Dallek, 2003 *An Unfinished Life* is the first authoritative single volume life of John F Kennedy to be written in nearly four decades Drawing upon firsthand sources freshly unearthed documents and never before opened archives prizewinning historian Robert Dallek reveals more than we ever knew about Jack Kennedy forever changing the way we think about his life his presidency and his legacy In a tale that stretches back to Ireland *An Unfinished Life* describes the birth of the Kennedy dynasty the complexity of Jack s early years and the mixture of adulation and resentment that tangled his relationships with his mother Rose and his father Joseph Forced into the shadow of his older brother Joe Jack struggled to find a place for himself until World War II when he became a national hero and launched his career Dallek reveals for the first time the full story of Kennedy s wartime actions including the machinations that got him into the war despite severe disabilities and the true details of how Joe was killed opening the door to Jack s ascendancy Here is the gripping story of Jack s first political campaigns and his transformation from an awkward speaker to a brilliant politician with irresistible charm *An Unfinished Life* explores Jack s work as a senator from Massachusetts carries us through the fiercely contested 1960 campaign against Nixon and takes us on to the White House itself We learn for the first time how and why Bobby was chosen to serve as attorney general how JFK selected Lyndon Johnson to be vice president and how they and the rest of Kennedy s team Bundy McNamara Schlesinger Sorensen Rusk and others faced the Bay of Pigs threats against civil rights activists in the South the conflict in Laos the Cuban missile crisis the struggle for a test ban treaty and the assassination of Diem Dallek reveals fascinating new details about each of these challenges and many more and gives us a picture of Kennedy as a man very much in command of his times able soon after arriving in the Oval Office to wage a secret war against his own generals when they advocated first use of atomic bombs in situations Kennedy felt certain would lead to an all out nuclear war *An Unfinished Life* also discloses for the very first time that Kennedy was far sicker than we ever knew While laboring to present an image of robust good health Kennedy was secretly in and out of hospitals throughout his life so ill that he was administered last rites on several different occasions Kennedy s ever worsening health left him propped up by a secret combination of medications throughout his presidency while behind closed doors he required assistance for even such basic acts as climbing stairs The revelations about Kennedy s health throughout this biography force a complete reevaluation of Kennedy s reputation and provide a fuller look inside his life and his motivations than has ever before been possible Robert Dallek has created a vivid portrait of a man who because he knew how close he was to death lived as much as he could sometimes hurting others in the process We meet a young Jackie follow their courtship and watch their marriage in public and private Dallek explores Kennedy s many infidelities revealing some for the first time ever *An Unfinished Life* also gives us a brilliantly detailed portrait of the deep bond between Jack and Bobby and of their enduringly complicated relationship with their father Never shying away from Kennedy s weaknesses Dallek also brilliantly explores his strengths The result is a full

portrait of a bold brave human Kennedy once again a hero An Unfinished Life is the book Americans have been waiting forty years to read Now at long last we have the definitive biography of Jack Kennedy Book jacket *John F. Kennedy's Hidden Diary, Europe 1937* Oliver Lubrich, 2023-11-01 Presenting the 1937 diaries of John F Kennedy s tour of Europe this volume offers insights into his early experiences on a continent under the shadow of Nazism In 1937 while still a student John F Kennedy undertook a grand tour of Europe with his close friend and traveling companion Lem Billings On this journey he began to keep a diary which is reproduced here in full and provides an unadulterated account of his thoughts and feelings Superficially it presents a picture of two young men enjoying their summer sightseeing going to the movies bars and night clubs but behind this we find in Kennedy s political observations and encounters the looming shadow of Nazism In retrospect there are blind spots and misjudgments but also insights of great topicality for example on populism and propaganda and its potent effects On this trip and during his later travels in Germany Kennedy engaged with the crucial questions of his later presidency How does a dictatorship work How is an alternative concept of society to be countered And how can an impending war be averted Kennedy s European and Russian policies and also his famous Berlin speech of 1963 Ich bin ein Berliner are to be understood against this background In addition to numerous archive photographs this volume contains Kennedy s complete diary of his 1937 trip to Europe and as a counterpart the Scrapbook of Lem Billings who documented it from his perspective JFK, Conservative Ira Stoll, 2017-11-01 In an era of partisanship and shifting political labels a fascinating look at just how liberal President John F Kennedy actually was or wasn t America meet the real John F Kennedy Washington Times John F Kennedy is lionized by liberals He inspired Lyndon Johnson to push Congress to pass the Civil Rights Act His New Frontier promised increased spending on education and medical care for the elderly He inspired Bill Clinton to go into politics His champions insist he would have done great liberal things had he not been killed by Lee Harvey Oswald But what if we ve been looking at him all wrong Indeed JFK had more in common with Ronald Reagan than with LBJ After all JFK s two great causes were anticommunism and tax cuts His tax cuts domestic spending restraint military buildup pro growth economic policy emphasis on free trade and a strong dollar and foreign policy driven by the idea that America had a God given mission to defend freedom all make him by the standards of both his time and our own a conservative This widely debated book is must reading for conservatives and liberals alike Provocative and compelling Ira Stoll has succeeded in changing our very perception of Kennedy as one of liberalism s heroes Weekly Standard An informative analysis of the ways in which JFK did indeed evince his conservative side he was very religious open to a free market unencumbered by governmental interference and staunchly anti Communist Publishers Weekly **Robert F. Kennedy and the Shaping of Civil Rights, 1960-1964** Philip A. Goduti, Jr., 2012-11-08 From the 1960 John F Kennedy presidential campaign to the signing of the Civil Rights Act of 1964 Attorney General Robert F Kennedy and the Department of Justice worked tirelessly to change the climate of civil rights in the nation This book explores how the Kennedy brothers and leaders such as Martin

Luther King Jr John Lewis and James Meredith among others pushed for change at a critical time Through an analysis of White House memoranda speeches telephone conversations and recorded discussions as well as secondary sources this study explores Robert Kennedy's role in key events of the civil rights movement which include the Freedom Rides in 1961 the Ole Miss crisis in 1962 and the Birmingham campaign and March on Washington in 1963 The combined efforts of the Kennedys and these leaders helped change the atmosphere in the nation to one of acceptance and opportunity for African Americans and other minorities

We Could Not Fail Richard Paul, Steven Moss, 2015-05-01 This surprising and insightful history profiles ten African American engineers mathematicians and others who worked for NASA's space program Lauren Helmuth New York Times Book Review The Space Age began just as the struggle for civil rights forced Americans to confront the bitter legacy of slavery discrimination and violence against African Americans NASA itself became an agent of social change with President Kennedy opening its workplaces to African Americans In *We Could Not Fail* Richard Paul and Steven Moss profile ten pioneer African American space workers whose stories illustrate the role NASA and the space program played in promoting civil rights Paul and Moss recount how these technicians mathematicians engineers and an astronaut candidate surmounted barriers and navigated being the sole African American in a NASA work group These brave and determined men went on to help transform Southern society by integrating colleges patenting new inventions holding elective office and reviving and governing defunct towns Adding new names to the roster of civil rights heroes and a new chapter to the story of space exploration *We Could Not Fail* demonstrates how African Americans broke the color barrier by competing successfully at the highest level of American intellectual and technological achievement

Narcissism and Politics Jerrold M. Post, 2015 This book analyzes narcissism and politics and systematically explores the psychology of narcissism the entitlement the grandiosity and arrogance overlying insecurity the sensitivity to criticism and the hunger for acclaim illustrating different narcissistic personality features through a spectrum of international and national politicians

Religion and the American Presidency Mark J. Rozell, Gleaves Whitney, 2023-12-20 This book chronologically analyzes fourteen key US Presidents from Washington to Biden to highlight how religion has informed or influenced their politics and policies For years leading scholars have largely neglected religion in presidential studies Yet religion has played a significant role in a number of critical presidencies in US history This volume reveals the deep religious side to such presidents as Truman Eisenhower and Reagan among others and the impact that faith had on their administrations Now in its fourth edition this work includes analysis of Joe Biden as the second Catholic president in United States history and provides a timely update to a key text in the study of religion and the presidency

Kennedy's Kitchen Cabinet and the Pursuit of Peace Philip A. Goduti, Jr., 2009-10-21 John F Kennedy's advisors were enormously influential in the shaping of American foreign policy at a crucial time After struggling in his first year as president Kennedy employed the guidance of a core group including McGeorge Bundy Robert Kennedy Robert McNamara Maxwell Taylor and Theodore Sorensen This kitchen cabinet led to strong

leadership in confronting serious challenges arising from the Soviet Union Cuba Southeast Asia and Berlin **America in White, Black, and Gray** Klaus P. Fischer, 2007-05-30 Numerous studies on various aspects of the issues of the 1960s have been written over the past 35 years but few have so successfully integrated the many sided components into a coherent synthetic and reliable book that combines good storytelling with sound scholarly analysis **Chris Matthews Complete Library E-book Box Set** Chris Matthews, 2013-10-01 The complete works of Chris Matthews from his penetrating biographies Jack Kennedy Kennedy and Nixon Hardball Now Let Me Tell You What I Really Think Tip and the Gipper is a magnificent personal history of a time when two great political opponents served together for the benefit of the country Chris Matthews was an eyewitness to this story as a top aide to Speaker of the House Tip O Neill Kennedy and Nixon John F Kennedy and Richard Nixon each dreamed of becoming the great young leader of their age First as friends then as bitter enemies they were linked by a historic rivalry that changed both them and their country Jack Kennedy What was he like this man whose own wife called him that elusive unforgettable man In this New York Times bestselling biography Chris Matthews answers that question with the verve of a novelist American People have often wondered what makes America truly great In American Matthews explores the best America stands for and portrays our country as a beacon for the modern world Now Let Me Tell You What I Really Think In this memoir spanning the Cold War to the Clinton years Matthews describes his God and Country Catholic school education in Philadelphia complete with air raid drills and his early enthusiasm for politics He shares with us his life s adventures and his three decades deep in the belly of the beast of American politics Hardball Chris Matthews has spent a quarter century on the playing field of American politics from right hand man of Speaker of the House Tip O Neill to host of NBC s highest rated cable talk show Hardball In this revised and updated edition of his political classic he offers fascinating new stories and reveals the inside rules that govern the game of power [America in the World](#) Frank Costigliola, Michael J. Hogan, 2013-12-23 This volume includes historiographical surveys of American foreign relations since 1941 by some of the country s leading historians Some of the essays offer sweeping overviews of the major trends in the field of foreign international relations history Others survey the literature on US relations with particular regions of the world or on the foreign policies of presidential administrations The result is a comprehensive assessment of the historical literature on US foreign policy that highlights recent developments in the field **The Character Factor** James P. Pfiffner, 2003-12-11 WATERGATE MONICA LEWINSKY PAINKILLERS IN THE OVAL OFFICE IRAN CONTRA READ MY LIPS THE CHARACTER FACTOR The American president s character matters To most Americans it matters deeply But how do we define what character means and why can t we agree In this sober probing consideration of the character factor and the presidency veteran political analyst James P Pfiffner leads us through a survey of three aspects of presidential character that have proved problematic for recent chief executives lies promise keeping and sexual probity His goal is not to tell us which presidents have been good and which bad Rather he helps us think critically and impartially about complex character issues

and invites us to reach our own conclusions The Character Factor avoids both the abyss of moral relativism and the desert of political cynicism It helps us look at our presidents and our presidential candidates without illusions knowing that flawed men can still be great leaders but that some flaws deserve defeat at the polls or even the ultimate presidential sanction impeachment Jacqueline Kennedy Barbara Ann Perry,2004 Noting how Jackie s celebrity and devotion to privacy have for years precluded a more serious treatment Perry s story illuminates Kennedy s immeasurable impact on the institution of the first lady Perry illustrates the complexities of Jacqueline Bouvier s marriage to John F Kennedy and shows how she transformed herself from a reluctant political wife to an effective confident presidential partner Perry is especially illuminating in tracing the first lady s mastery of political symbolism and imagery along with her use of television and state entertainment to disseminate her work to a global audience *The JFK Assassination Debates* Michael L. Kurtz,2006 William L Kurtz delivers a comprehensive thought provoking book about the various theories surrounding the JFK assassination favoring the conspiracy theory himself **John F. Kennedy** Jason K. Duncan,2013-11-12 Half a century after his assassination John F Kennedy continues to evoke widespread fascination looming large in America s historical memory Popular portrayals often show Kennedy as a mythic heroic figure but these depictions can obscure the details of the president s actual achievements and challenges Despite the short length of his time in office during his presidency Kennedy dealt with many of the issues that would come to define the 1960s including the burgeoning Cold War and the growing Civil Rights movement In John F Kennedy The Spirit of Cold War Liberalism Jason K Duncan explains Kennedy s significance as a political figure of the 20th century in U S and world history Duncan contextualizes Kennedy s political career through his personal life and addresses the legacy the president left behind In a concise narrative supplemented by primary documents including presidential speeches and critical reviews from the left and right Duncan builds a biography that elucidates the impact of this iconic president and the history of the 1960s *The Michigan Affirmative Action Cases* Barbara Ann Perry,2007 A compelling look at the two closely linked and controversial 2003 Supreme Court decisions that revisited the practice and constitutionality of affirmative action at the college level The result was a divided opinion that neither completely repudiated affirmative action nor completely condoned its practice Planet Neptune and the Modern Us Presidents: Franklin Roosevelt to Barack Obama Suzanne Angioli,2016-04-05 While studying the astrological birth charts of all the US presidents I discovered that those of the thirteen modern US presidents from Franklin Roosevelt to Barack Obama all had the natal Sun the planet most associated with ones basic identity making an aspect certain designated degrees between two planets to their natal Neptune This was surprising since I would have thought that politicians particularly those aspiring to the presidency would have an overwhelming emphasis on the Sun Mars aspect but not on the Sun Neptune aspect What I discovered in my research was that good politicians are not warriors Sun Mars per se who use the techniques of warfare to muscle their way through adversity Rather they are good actors Sun Neptune who are essentially chameleons Sun Neptune

operating in the foggy Neptune realm of subtlety Neptune and seduction using their sensitivity Neptune and charm Neptune to serve their intuitive Neptune sides to try to achieve their goals It became apparent that a good politician is excellent at assuming different roles in order to fit a given political situation and move his agenda forward The Sun in aspect to Neptune is not unusual but there is no aggregate population that has 100 percent of its members with this aspect like the modern presidents I was intrigued with this occurrence and thus set out to research their individual biographies to see just how this aspect played out in their lives After all it seemed to be almost a prerequisite for being elected to the modern Oval Office

The Modern American Presidency Lewis L. Gould, 2009 The Modern American Presidency is a lively interpretive synthesis of 20th century leaders filled with intriguing insights into how the presidency has evolved as America rose to prominence on the world stage Gould traces the decline of the party system and the increasing importance of the media resulting in the rise of the president as celebrity 36 photos **Attack Politics** Emmett H. Buell, Lee Sigelman, 2008 Ask most Americans and they ll tell you that presidential campaigns get dirtier and more negative with every election This text suggests that this may not be as true as we think and shows that over the last dozen elections negativity may have been well publicised but hasn t increased **The Presidency of James Earl Carter, Jr** Burton Ira Kaufman, Scott Kaufman, 2006 A thoroughly revised updated and newly illustrated version of the Gaddis Smith called the best book on the totality of the Carter presidency The new edition includes more on the former president s foreign and environmental policies and expands coverage of the personal Carter as well as his wife Rosalyn s activist role during his administration
