The P-38 Lightning was one of the fastest operational fighters of World War II famous for its successes in North Africa and the Pacific In *The P-38 Lightning and the Men Who Flew It* Wolfgang W. E. Samuel shares the stories of the young men who climbed into the cockpits of the P-38 to fight for freedom and of those who created tested and deployed these fearsome machines The P-38 was the product of the Lockheed Corporation the first fighter they ever built principally conceptualized by Kelly Johnson whose design was to meet Air Corps specifications To do that he came up with a twin engine aircraft with a tricycle landing gear unlike any other military aircraft of the time But it was no easy plane to fly Many pilots died in training and routine flying before ever meeting an opponent in combat P-38 units were formed quickly once the United States entered World War II in December 1941 Training was rushed to get pilots and planes to Europe as quickly as possible to serve as bomber escorts Although the P-38 could fly at the high altitudes the bombers flew it was not the right aircraft for the mission Without an engine in front of the cockpit to keep the pilot warm the plane was

frigid Pilots suffered and were sometimes so weakened by the brutal cold that they had to be lifted out of the cockpit upon landing and the bombers suffered severe losses In North Africa s warmer air however the P 38 came into its own With four 50 caliber machine guns and a 20mm cannon in its nose the P 38 was a formidable adversary With proven success in the Mediterranean P 38 squadrons were transferred to the Pacific Theater where they flourished Focusing on the men who flew this challenging aircraft and the men who designed and decided how to deploy it Samuel shares stories of bravery and ingenuity alongside an aviation history long neglected The P 38 s deployment is covered in some detail including the actions of Richard Bong who became the US forces ace of aces In the Pacific skies the P 38 its pilots and designers made the heroic history captured here The World's Famous Women James Parton,1890 **Apples of Gold in Pictures of Silver** Dave Herr,2023-10-24 Maybe some people study prophecy for the thrill of the sensational like adrenaline addicts chasing the next sky dive rush Certainly promises given hundreds or thousands of years before their fulfillments are remarkable However sensationalism is not the intended purpose And some people may think that prophecy is an ancillary nonessential part of theology But the premise of this book is that God given prophecy has a far more profound purpose than sensationalism and plays an essential inseparable part in the gospel message Now if faith in Christ is all that is necessary for salvation why is prophecy essential The angel messenger who gave the Revelation to John answered that question The angel told John These are the true sayings of God Then John fell at the feet of the angel to worship him The angel responded See you do it not for I am your fellow servant and of your brethren who have the testimony of Jesus Worship God for the testimony of Jesus is the spirit of prophecy Rev 19 10 The angel explained that all prophecy connects to Jesus Intrinsic to Jesus is prophecy as is all scripture That which predicts or speaks of His divine and human nature His life and miracles His death and resurrection and His earthly and heavenly kingdom are all interconnected they are all a part of His story His testimony His person Therefore Christ is the unspoken basis for this specific blessing given to readers of the Revelation Blessed are they that read and hear the words of this prophecy and keep those things which are written in it for the time is at hand Rev 1 3 Though there is rich reward in every book of the Bible no other gives the aforementioned promise of blessing
