information This is to cover the watermark email of the buyer of the book This book is the FIRST RELEASE Since then there were many more releases updates to the real book that aimed to correct some mistakes and typos in the recipes These typos mistakes WERE in the real book they just got fixed later after people noticed them so for this reason if you see a typo mistake or something that doesn't make too much sense it's not fake this is how it was originally This issue is not that big and it affects a handful of recipes like the blueberry loaf recipe which was missing an ingredient 95% of the book is still exactly the same as even the up to date versions
