Hoffmann identifies an angelomorphic portrait of Christ in certain passages of Revelation and provides possible reasons for the inclusion of an angelomorphic Christology. Angelomorphic Christology is not regarded as an isolated christological concept. In turn, the author compares angelomorphic Christology with the prominent Lamb Christology of Revelation. A comparison of these concepts reveals that both Lamb and angelomorphic Christology serve the purpose of contrasting different functions of Christ. The functions correspond with the implied perception of Christ by his followers on the one hand and his opponents on the other. Accordingly, Christ appears to be an eschatological juridical figure described in angelomorphic patterns to his opposition while he is perceived as salvific redeemer in form of the Lamb by those who believe in him. Such a christological perspective draws on traditions from the Exodus narrative, namely the features of the Passover Lamb and the Destroying Angel. Further equality between God and Christ is established despite an angelomorphic portrait of Christ, especially those passages describing Christ as the Lamb put him on par with God. But also within visions with an angelomorphic description of Christ, his status as superior to angels and as an equal to God is displayed. *Perry Como*

Malcolm Macfarlane, Ken Crossland, 2015-05-07 Perry Como put aside his career as a barber to become one of the top American crooners of the 20th century and also one of the first multimedia stars. His record sales exceeded 100 million. In 1948, Como was the first popular singer to cross over to television, and *The Perry Como Show* became the benchmark for a broadcast music and variety show. Como's career illuminates developments in the music and television business in the middle of the last century. This biography features 73 photographs, a complete discography, a listing of all television appearances, and a year-by-year chronology of Perry Como's life from 1912 to 2001.
