A Force More Powerful:

A Force More Powerful Peter Ackerman, Jack DuVall, 2015-12-01 This nationally acclaimed book shows how popular movements used nonviolent action to overthrow dictators obstruct military invaders and secure human rights in country after country over the past century Peter Ackerman and Jack DuVall depict how nonviolent sanctions such as protests strikes and boycotts separate brutal regimes from their means of control They tell inside stories how Danes outmaneuvered the Nazis Solidarity defeated Polish communism and mass action removed a Chilean dictator and also how nonviolent power is changing the world today from Burma to Serbia

Persuasive Games Ian Bogost, 2010-08-13 An exploration of the way videogames mount arguments and make expressive statements about the world that analyzes their unique persuasive power in terms of their computational properties Videogames are an expressive medium and a persuasive medium they represent how real and imagined systems work and they invite players to interact with those systems and form judgments about them In this innovative analysis Ian Bogost examines the way videogames mount arguments and influence players Drawing on the 2 500 year history of rhetoric the study of persuasive expression Bogost analyzes rhetoric s unique function in software in general and videogames in particular The field of media studies already analyzes visual rhetoric the art of using imagery and visual representation persuasively Bogost argues that videogames thanks to their basic representational mode of procedurality rule based representations and interactions open a new domain for persuasion they realize a new form of rhetoric Bogost calls this new form procedural rhetoric a type of rhetoric tied to the core affordances of computers running processes and executing rule based symbolic manipulation He argues further that videogames have a unique persuasive power that goes beyond other forms of computational persuasion Not only can videogames support existing social and cultural positions but they can also disrupt and change these positions themselves leading to potentially significant long term social change Bogost looks at three areas in which videogame persuasion has already taken form and shows considerable potential politics advertising and learning

Peace Watch , 1994 *1913, Satyagraha, Passive Resistance and its Legacy* , 2025-10-27 This book marks the centenary of the 1913 Satyagraha Passive Resistance movement in South Africa with the various contributors critically examining the significance and relevance of satyagraha from different vantage points Satyagraha first coined developed and practised in South Africa continues to challenge and inspire individuals and peoples far and wide With unrelenting conflicts across the world leading to deaths violence and displacements of families and communities the need for social and political transformation and the moral quest for the harmony of all humanity is as pressing today as it ever was The volume is significant as it forces us to not only deepen our

critical understanding of the past but also to know this past as the legacy from which we draw for the present and future The essays here show that there has been a continual attempt to understand and grapple with the term Satyagraha Some have been at pains to remind adherents of the essence of Satyagraha At the same time there were those who modified and adapted Satyagraha according to their own understandings and objectives or who used the idea as a strategy rather than as an ideal While some clung to the ideal of Satyagraha others did not violate its principles through a lack of understanding but felt that a purist interpretation was not feasible on the ground The shifting and fluid differences on a wide spectrum among many who worked with Gandhi or with his concept of Satyagraha are reflected in the essays in this collection *Hockey Anatomy*

Terry, Michael, Goodman, Paul, 2018 *Hockey Anatomy* presents 96 exercises with 68 variations to improve on ice performance Highly detailed anatomical drawings highlight muscle groups used during exercise and during game action **Spiritual**

and Political Dimensions of Nonviolence and Peace, 2006-01-01 This book is a collection of philosophical papers that explores theoretical and practical aspects and implications of nonviolence as a means of establishing peace The papers range from spiritual and political dimensions of nonviolence to issues of justice and values and proposals for action and change
