A German Picturesque Selected And Introduced By Ben Marcus:

A German Picturesque Jason Schwartz,2015-01-01 Haunting in their tone brilliant in their images very like fantastic presences moving across glass the twenty one fictions in this startling debut collection seem both inexplicably familiar and like no writing we have seen before The opening story leads us through a kaleidoscopic series of thoughts and memories around the act of writing a letter Another an intricately structured document of documents household inventories daily calendars property deeds an announcement suggests the reality overflowing these mundane markers of our lives Yet another traces the histories of five artifacts while at the same time slyly assembling five miniature biographical portraits

Memoirs of a Not Altogether Shy Pornographer Bernard Wolfe,2016-03-15 In this funny and telling portrait of the artist as a young pornographer Bernard Wolfe chronicles his own unlikely entrance into the world of letters The year was 1936 and Depression laden America had no great need for a Yale Phi Beta whose primary talent was for words After working variously as a secretary bodyguard for Leon Trotsky in Mexico a cataloger of the Irving Fisher papers and a hopelessly inept drill grinder Wolfe landed his first professional writing job turning out piecework porn at 2 00 a page for an Oklahoma millionaire He credited his pornographic efforts with teaching him to write to specified lengths while facing deadlines I acquired the work discipline of a professional writer capable of a solid daily output The Old Man at the Railroad Crossing and Other Tales William Maxwell,2016-05-17 In these tales with one foot firmly planted in the present Maxwell brings a certain sophisticated urbanity to the oral traditions of the fable and fairy tale The total effect is of something midway between the Brothers Grimm and Kafka with perhaps a touch of Zen NYRB April 1966 While modern enough in locale and context they are as old as humanity itself in what concerns them And always that voice the age old voice of the storyteller the eternal magic of the speaking human voice Such simplicity takes true artistry and Maxwell has that in spades **The Unsettling** Peter Rock,2016-09-13 Populated by strangers ghosts and other shadowy figures the thirteen stories in The Unsettling attend to those startling moments when what we have understood as familiar is suddenly revealed as mysterious and foreign A lonely man saving library books from an outbreak of mold listens to a coworker s tale about a blind woman and imbues it with his own sense of romance a woman drives a Gold Firebird through the desert with a television playing Rockford Files reruns on the passenger seat and a girl returns to her childhood home to spy on its new inhabitants not realizing they are aware of her surveillance a Poe obsessed medical examiner constructs ornate scenes in an attempt to provoke hope in the forgotten lives of a dark and desperate city Told through Rock s imaginative and wholly original voice these are haunted tales about fascination transformation and the relationship between the two Still Life with Insects Brian Kiteley,2015-04-01 Originally published in 1989 by Ticknor Fields Brian Kiteley s Still Life with Insects is the intensely focused chronicle of Elwyn Farmer an amateur entomologist who uses the field notes of his insect sightings to examine and reweave the tattered fragments of his life In a series of visually powerful and emotionally breathtaking vignettes Kiteley

distills the transient beauty of the natural world and lays bare the suffering and joy of one man's life from his maturity in the post war years to very old age in the 1980s His striking narrative technique aptly captures the experience we all have as we struggle to make sense of what it means to be human in the face of the inevitable passage of time **Wintergreen** Robert Michael Pyle,2015-10-01 In the Willapa Hills of southwest Washington both the human community and the forest community are threatened with extinction Virtually every acre of the hills has been logged often repeatedly in the past hundred years endangering both the land and the people leaving dying towns as well as a devastated ecosystem Weaving vivid portraits of the place and its inhabitants animal plant and human with the story of his own love affair with the hills Robert Michael Pyle has written a book so even handed in its passion that it has been celebrated by those who make their living with a chain saw as well as by environmentalists As he writes My sympathies lie with the people and the woods but not with the companies that have used them both with equal disregard In his vivid portrayal of the land plants people and animals of the Willapa Hills of Washington State Bob Pyle makes the modest patch of land he writes about a metaphor for the world *Having Everything Right* Kim Stafford,2016-10-01 A collection of essays first published in 1986 *Having Everything Right* revolves around the history folklore and physical beauty of the Pacific Northwest In terms of genre the book comes closest to books like Wallace Stegner's *Wolf Willow* or the essay collections of Edward Abbey and Wendell Berry books that blend personal vision and regional evocation Stafford's essays in this tradition range from the direct exploration of *A Walk in Early May* to the abstract meditation of *Out of This World with Chaucer and the Astronauts* to the familial and social reflections of *The Great Depression as Heroic Age* Animating them all is the sense that there is joy in knowing the world and the belief that true knowing brings as Stafford says a change of heart Stafford writes poetic and evocative prose as he reflects on such subjects as Indian place names bears and local eccentrics **Doctor Glas** Hjalmar Soderberg,Tom Rachman,2015-06-01 Stark brooding and enormously controversial when first published in 1905 this astonishing novel juxtaposes impressions of fin de siècle Stockholm against the psychological landscape of a man besieged by obsession Lonely and introspective Doctor Glas has long felt an instinctive hostility toward the odious local minister So when the minister's beautiful wife complains of her husband's oppressive sexual attentions Doctor Glas finds himself contemplating murder A masterpiece of enduring power Doctor Glas confronts a chilling moral quandary with gripping intensity **Creative Nonfiction** Lee Gutkind,Leslie Rubinkowski,2024-11-05 The very best writing from one of America's most groundbreaking literary magazines When *Creative Nonfiction* debuted in 1994 the literary genre it championed was largely the target of skepticism or downright ridicule But at a time when few editors were interested in the personal essay the magazine doggedly explored new ideas and fresh modes of expression and over the next three decades its contributors pioneered what would come to be known as the fourth genre The thirty two essays collected here bring together some of the finest work *Creative Nonfiction* published over its seventy eight issues Read Pulitzer Prize winner Charles Simic's boyhood remembrances of the bombing of Belgrade

Carolyn Forché's haunting lyric catalog of her daily life as she faced down a cancer diagnosis and John Edgar Wideman's meditation on the photo of a murdered boy his same age Emmett Till and how the image haunted him forever Here you'll find work by such luminaries as Adrienne Rich and John McPhee but also essays from more contemporary voices like Brian Broome Elizabeth Fortescue and Anne McGrath With an introduction by Lee Gutkind Creative Nonfiction's founder and editor this collection captures the evolution of a genre and the amazing work of the little magazine that helped make it all happen

True Stories, Well Told Lee Gutkind, Hattie Fletcher, 2014-07-06 Creative nonfiction is the literary equivalent of jazz it's a rich mix of flavors ideas voices and techniques some newly invented and others as old as writing itself This collection of 20 gripping beautifully written nonfiction narratives is as diverse as the genre Creative Nonfiction magazine has helped popularize Contributions by Phillip Lopate Brenda Miller Carolyn Forché Toi Derricotte Lauren Slater and others draw inspiration from everything from healthcare to history and from monarch butterflies to motherhood Their stories shed light on how we live
