Community Development Jose Kattakkara C.M.I., 2021-11-10 Provide Help and Create Hope For the past 12 years I have been working with the nursing homes in USA in the capacity of a priest and a social worker I am providing care in 24 nursing homes assisted living facilities and hospices in 4 districts counties in the State of Texas as well as visiting hospitals and area prisons I consider it more than a job but rather a life giving commitment for life enrichment and to make the people happier with a professional and spiritual outlook It is a holistic approach for the well being of every resident to improve the quality of life We cannot divide body and soul and treat separately Physical psychological social and spiritual wellbeing are intimately connected go hand in hand and support each other for self fulfilment and self realization In these nursing homes I meet people from all over the world For example the majority are from USA then from Mexico Cuba Honduras Germany England Japan Bangladesh China India Nigeria Pakistan Philippines Italy and Vietnam People from these countries practice different religions They are from different colour ethnicity and race I hear the residents speaking in different languages although they do not fully understand yet are able to communicate their immediate needs They live under one roof as members of the same family and eat the same food in the same dining room cooked by the same staff in the same kitchen When I conduct prayer services or gatherings those who are interested will come no matter which faith or religion they follow As someone said to me although I belong to a different religion I would love to come and join here for prayer I have never felt any discrimination based on religion language nationality or racism in these facilities In these nursing homes there is no division or hate based

on religion colour or race but only bridges which promote solidarity love harmony and universal brotherhood If these people can live under one roof eat the same food and pray together then what excuses do we have No religion teaches division hate or retaliation but promotes only Love and compassion My wish is to see the promotion of religion of Humanity by everyone and the practice of God s Love everywhere A Guide to Evidence-Based Group Work Mark J. Macgowan,2008-02-12 This is the first textbook that illustrates step by step how to practice evidence based group work As group workers are increasingly being held accountable to evaluate monitor and improve their practice there are scant resources available that apply specifically to their practice General books on evidence based practice lack the rich material on group work organized for the first time in this one volume Designed specifically as a supplement for undergraduate and graduate group work courses the text is organized around the process and philosophy of evidence based practice formulating appropriate practice questions searching for evidence critically reviewing available evidence applying the evidence with judgment skill and concern for the group members and evaluating the outcomes achieved The evidence based group work framework teaches students how to skillfully apply best practices through practical learning activities case examples research designs step by step guidelines and checklists assessment tips and detailed instructions for formulating questions and evaluating answers It will be equally valuable as a handy reference for professionals eager to hone their practice skills *The Counselor and the Group* James P.
