Adventures in the Play-Ritual Continuum Audun Kjus, Jakob Löfgren, Cliona O'Carroll, Simon Poole, Ida Tolgensbakk, 2025-02-21 The junctions between play and ritual are many and complex Play is for fun and joy but it also demands a total commitment and serious respect for rules Rituals involve nearly endless varieties of social arrangements and can truly transform people but they also include improvisation testing and pretending Adventures in the Play Ritual Continuum explores the connectivity between the playful and the ritualized through a fresh theoretical perspective highlighting the creative messiness and the cultural paradoxes such intersections allow The chapters span topics such as hen parties marriage proposals ash scatterings extreme sports races football fans computer game festivals celebrations of fandom migration heritages and antiracist protests While the case studies are selected to show a range of diversity with various mergings of play game ritual ceremony rite and ritualizing the introductory and concluding discussions offer sharpened perspectives on common aspects Following these excursions through the play ritual continuum will be enjoyable for readers interested in how people make sense of their own existence and profitable for scholars in folklore anthropology religion pedagogy cultural studies and social sciences and humanities more generally Podium Ben Oakley, 2014-07-19 What does it really take to make the podium Which of the biological environmental and psychological factors really shape a champion s route to the top To answer these questions Ben Oakley has taken the original step of combining existing research with a study of leading athletes autobiographies Looking at the early histories and initial challenges of serial champions in their own words Podium sheds new light on their commonalities A similar focus in training similar influences around them and above all similar mental attributes are revealed and tales of individual brilliance are given a fresh twist From Ian Thorpe Usain Bolt and Chrissie Wellington to Victoria Pendleton Lionel Messi and Roger Federer all we see is a smooth progression to glory but each is a rocky path punctuated by critical episodes and it is the response to these events that can transform talented people into winners Podium is fascinating reading for anyone interested in the big names at the peak of their respective sports and essential for coaches or parents of the next budding star This enthralling read will enrich your interpretation of champions
