African Memoirs and Cultural Representations Toyin Falola, 2023-02-14 Traditions and cultures represent a set of persisting or prevailing beliefs social practices oral linguistic and values that define an individual's way of life In other words in memoir writing the emphasis is often to propagate a unilateral need or embrace of self identity However the dominant narrative and method of analysis in this study holds the notion and privileges that tradition and cultures imbibed by memoirists are sometimes subverted refashioned or reworked due to the strand of experiences or realities they encounter in different spaces as their narration develops Thus memoirists embrace indifference and open mindedness which is also greatly explored in the context of autobiography

Handbook of Research on Supporting Social and Emotional Development Through Literacy Education Tussey, Jill, Haas, Leslie, 2021-06-25 The social and emotional welfare of students in both K 12 and higher education settings has become increasingly important during the third decade of the 21st century as students face a variety of social emotional learning SEL challenges related to a multitude of internal and external factors As concepts around traditional literacy education evolve and become more culturally and linguistically relevant the connections between SEL and academic literacy opportunities warrant considerable exploration The Handbook of Research on Supporting Social and Emotional Development Through Literacy Education develops a conceptual framework around pedagogical connections to social and emotional teaching and learning within K 12 literacy practices This text provides a variety of research and practice protocols supporting student success through the integration of SEL and literacy across grade levels Covering topics such as culturally relevant literacy digital literacy and content area literacy this handbook is

essential for curriculum directors education faculty instructional facilitators literacy professionals practicing teachers pre service teachers professional development coordinators school counselors teacher preparation programs academicians researchers and students

The Oxford Guide to the Atlantic Languages of West Africa Friederike Lüpke, 2025-06-17 This volume presents the first book length overview of the Atlantic languages a small family of languages spoken mainly on the Atlantic coast of West Africa Languages in this area have been used in diverse multilingual societies with intense language contact for the whole of their known history and their genealogical relatedness and the impact of language contact on their lexicon and grammar have been widely debated The book is divided into four parts The first provides an introduction to language ecologies in the area and includes two accounts of the genealogical classification of Atlantic languages Chapters in the second part offer grammatical overviews of individual languages including the most important non Atlantic contact languages Casamance Creole and Mandinka while the third part explores Atlantic languages from a typological perspective with chapters that explore formal and semantic aspects of their nominal classification systems nominalization strategies their rich system of verbal extensions and the stem initial consonant mutation that is attested in a subset of languages The final part of the book investigates Atlantic languages in their social environments including the creation of creole identities secret languages Ajami writing practices language acquisition the spread and use of Fula as a lingua franca digital language practices and language ideologies The volume is an essential tool for linguists interested in the languages of West Africa language history and classification patterns of language use in Atlantic societies and typology and language contact more broadly
