A Lovers Secret English Edition:

British Museum Catalogue of printed Books ,1891 **Hidden Intercourse** Wouter J. Hanegraaff,Jeffrey Kripal,2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries **The Secret Within** Wolfgang Riehle,2014-02-07 Spiritual seekers throughout history have sought illumination through solitary contemplation In the Christian tradition medieval England stands out for its remarkable array of hermits recluses and spiritual outsiders from Cuthbert Godric of Fichale and Christina of Markyate to Richard Rolle Julian of Norwich and Margery Kempe In *The Secret Within* Wolfgang Riehle offers the first comprehensive history of English medieval mysticism in decades one that will appeal to anyone fascinated by mysticism as a phenomenon of religious life In considering the origins and evolution of the English mystical tradition Riehle begins in the twelfth century with the revival of eremitical mysticism and the early growth of the Cistercian Order in the British Isles He then focuses in depth on the great mystics of the fourteenth and fifteenth centuries Richard Rolle the first great English mystic the author of *The Cloud of Unknowing* Walter Hilton Margery Kempe and Julian of Norwich Riehle carefully grounds his narrative in the broader spiritual landscape of the Middle Ages pointing out both prior influences dating back to Late Antiquity and corresponding developments in mysticism and theology on the Continent He discusses the problem of possible differences between male and female spirituality and the movement of popularizing mysticism in the late Middle Ages Filled with fresh insights *The Secret Within* will be welcomed especially by teachers and students of medieval literature as well as by those engaged in historical theological philosophical cultural even anthropological and comparative studies of mysticism *The Works of the British Dramatists ...
