days in the unseasonably warm and dry weather of that October And yet the body on the autopsy table was as fresh as if she had died just the day before according to the man who picked up the body and later embalmed it It was just the beginning of a litary of discrepancies in evidence and testimony presented at the trial as well as guestionable investigative practices. The murder may have occurred on an Indian summer day in October 1973 but the story begins some forty five years before with the compelling lives of Joe and Dorisann Hubbard leading up to their marriage and the tragedies and difficulties throughout Miller's Anesthesia, 2-Volume Set E-Book Michael A.
