### **A People Betrayed: A History of Corruption, Political Incompetence and Social Division in Modern Spain**

**1874-2018** Paul Preston, 2020-03-05 From the foremost historian of 20th century Spain *A People Betrayed* is the story of the devastating betrayal of Spain by its political class its military and its Church *A People Betrayed* Linda Melvern, 2000-08 In 1994 up to one million people were killed in Rwanda in a deliberate public and political campaign For five years Linda Melvern has worked on the story of this great crime and this book a classic piece of investigative journalism is the result The new and startling information this book contains has the making of an international scandal Melvern reveals how the great powers failed to heed the warnings of the coming catastrophe and refused to recognize the genocide when it began ignoring obligations under international law specifically the genocide convention A set of secret documents leaked to the author from within the Security Council proves that the circumstances of the genocide were suppressed or ignored *A Not-so-distant Horror* Joseph Nevins, 2005 In his view much if not all of the horror that plagued East Timor in 1999 and in the 24 preceding years could have been avoided had countries like Australia Japan the United Kingdom and especially the United States not provided Indonesia with valuable political economic and military assistance as well as diplomatic cover *A People Betrayed* Linda Melvern, 2024-07-25 Following thirty years of research including research into recently declassified government archives this newly revised and expanded edition of Linda Melvern's classic of investigative journalism reveals how policymakers continue to refuse to properly acknowledge their responsibilities under international law The new edition includes copious new material reckoning with the information that came to light during the 2022 trial of Flicien Kabuga the alleged financier of the genocide This new evidence feeds not only into a revised chronology and a wholly new section on the build up to the genocide but also into a new appendix that lists the six major genocide memorial sites in Rwanda along with now incontrovertible details of the massacres that occurred there Throughout it all Melvern reveals in unmatched detail the scale speed and intensity of the unfolding genocide and she exposes the Western governments and individuals who could have prevented what was happening if only they had chosen to act What emerges is a shocking indictment of how Rwanda was ignored in 1994 and of how it is misremembered in the West today an indictment that renders all the more poignant Melvern's accounts of the unrecognised heroism of those who stayed on during the violence from volunteer peacekeepers to NGO workers *The People's Dictator* Alejandro Quiroga, 2025-01-29 This book is the first major biography of General Miguel Primo de Rivera dictator of Spain between 1923 and 1930 who played a key role in the shaping of a counterrevolutionary Europe in the interwar era Following new historiographical trends this book combines biographical experiences of the dictator with a sociopolitical reading of the dictatorship to reflect on the configuration of national political and gender identities at individual and group levels It challenges traditional readings of Primo de Rivera as a benign non ideological leader who established a paternalistic dictatorship instead showing an astute and ambitious politician who

created a nationalist highly repressive authoritarian regime profoundly influenced by Italian fascism The monograph also explores Primo de Rivera's role as the creator of right wing populism in Spain who portrayed politicians and judges as enemies of the Spanish people used fake news in his propaganda machine and presented himself as a charismatic leader ready to destroy the liberal elites This book is intended for scholars and students specialising in Spanish history and politics along with those interested in nationalism populism far right movements Fascism dictators and authoritarian regimes in twentieth century European history The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
