Business and Social Crisis in Africa Antoinette

Handley, 2019-11-21 Much of the time when confronted with a crisis of national dimensions businesses do exactly what we expect them to do they look to their own survival Occasionally however firms in some contexts go beyond this Based on qualitative country based fieldwork in Eastern and Southern Africa Antoinette Handley examines how African businesses can be key responders to wider social and political crises often responding well in advance of the state She reveals the surprising

ways in which business responses can be focused not on short term profits but instead on ways that assist society in resolving that crisis in the long term Taking African businesses in Kenya Uganda Botswana and South Africa as case studies this detailed exploration of the private sector response to crises including HIV AIDS and political violence crises introduces the concept of relative business autonomy exploring the conditions under which it can emerge and develop when and how it may decline and how it might contribute to a higher level of overall societal resilience **City Boy: Chronicles of a Nairobi**

Life Dr. Frank Njenga, 2025-05-22 The mention of an African autobiography often evokes images of a want and penury a childhood sullied by poverty and hopelessness and the predictable rags to riches narrative Not so for City Boy In this bold and refreshing account Dr Frank Njenga a leading psychiatrist and author weaves a compelling tale of growing up in an affluent neighbourhood attending a once European only school enjoying foreign travel in childhood and all the trappings of a good upbringing His account of the Mau Mau period as well as the post independence era is captivating With candour and charm he invites readers into the world that shaped him a world of books travel privilege and the rich tapestry of people who influenced his journey It is a story that turns tables on the notion that rural poverty and adversity in childhood are the building blocks of a successful life Rather City Boy offers a new lens through which to view adolescence in the 1960s personal ambition and what it takes to scale the heights of professional growth In City Boy Dr Njenga rewrites the script on success with elegance honesty and a rare clarity of thought Support for Growth-oriented, Women Entrepreneurs in
