A Protestant Church In Communist China Moore:

A Protestant Church in Communist China John Craig William Keating, 2012-02-16 Freedom of religious belief is guaranteed under the constitution of the People's Republic of China but the degree to which this freedom is able to be exercised remains a highly controversial issue. Much scholarly attention has been given to persecuted underground groups such as Falun but one area that remains largely unexplored is the relationship between officially registered churches and the communist government. This study investigates the history of one such official church, Moore Memorial Church in Shanghai. This church was founded by American Methodist missionaries. By the time of the 1949 revolution, it was the largest Protestant church in East Asia, running seven-day-a-week programs. As a case study of one individual church operating from an historical rather than theological perspective, this study examines the experience of people at this church against the backdrop of the turbulent politics of the Mao and Deng eras. It asks and seeks to answer questions such as: were the people at the church pleased to see the foreign missionaries leave? Were people forced to sign the so-called Christian manifesto? Once the church doors were closed in 1966, did worshipers go underground? Why was this particular church especially chosen to be the first re-opened in Shanghai in 1979? What explanations are there for its phenomenal growth since then? A considerable proportion of the data for this study is drawn from Chinese language sources, including interviews, personal correspondence, statistics, internal church documents, and archives, many of which have never previously been published or accessed by foreign researchers. The main focus of this study is on the period from 1949 to 1989, a period in which the church experienced many ups and downs, restrictions, and limitations. The Mao era, in particular, remains one of the least understood and seldom written about periods in the history of Christianity in China. This study therefore makes a significant contribution to our evolving understanding of the delicate balancing act between compromise, co-operation, and compliance that categorizes church-state relations in modern China.

How Christianity Came to China Kathleen L. Lodwick, 2016-12-01 The story of the foreign missionaries who served in China between 1809 and 1949 is one of fervent religious commitment and of the loss of faith of determined perseverance and of angry frustration of accepting people as they are and of cultural superiority of human kindness and of narrow prejudice of those who loved China and of those who refused to acknowledge the society in which they lived of those who spent their entire adult lives in China and of those who fled home as soon as possible and of those who admired China and of those who were driven insane by living in China In short it is a story of ordinary people with all their good qualities and all their shortcomings In all of its complexity Kathleen L Lodwick tells the story of Christianity in China It s essential reading for anyone wanting to understand the contemporary phenomena that is Christianity in China which some people predict soon will be the country with the largest Christian population in the world *Journal of Chinese Religions* ,2014

Protestants Alec Ryrie, 2017-04-04 On the 500th anniversary of Luther s theses a landmark history of the revolutionary faith that shaped the modern world Ryrie writes that his aim is to persuade you that we cannot understand the modern age without understanding the dynamic history of Protestant Christianity To which I reply Mission accomplished Jon Meacham author of *American Lion* and Thomas Jefferson Five hundred years ago a stubborn German monk challenged the Pope with a radical vision of what Christianity could be The revolution he set in motion toppled governments upended social norms and transformed millions of people s understanding of their relationship with God In this dazzling history Alec Ryrie makes the case that we owe many of the rights and freedoms we have cause to take for granted from free speech to limited government to our Protestant roots Fired up by their faith Protestants have embarked on courageous journeys into the unknown like many rebels and refugees who made their way to our shores Protestants created America and defined its special brand of entrepreneurial diligence Some turned to their bibles to justify bold acts of political opposition others to spurn orthodoxies and insight on their God given rights Above all Protestants have fought for their beliefs establishing a tradition of principled opposition and civil disobedience that is as alive today as it was 500 years ago In this engrossing and magisterial work Alec Ryrie makes the case that whether or not you are yourself a Protestant you live in a world shaped by Protestants
