A Gentle Murderer:

A Gentle Murderer Dorothy Salisbury Davis, 2023-03-07 Hailed by critic Anthony Boucher as one of the best detective stories of modern times this classic tale by Grand Master Dorothy Salisbury Davis combines suspense and psychological insight as a priest and a police detective both race to find a self confessed murderer before he is compelled to kill again Bless me Father for I have sinned Father Duffy has heard many confessions through the years but none quite so disturbing as the one he s heard tonight A young man enters the confessional just as the priest is readying to leave for the evening he s distraught that he has killed a woman in a paroxysm of uncontrollable rage and he s still wielding the hammer he used to do the deed Father Duffy tries to convince the young man to turn himself in to the police but he flees just as suddenly as he had appeared When the priest learns the next day that an escort was found bludgeoned to death on the East Side he sets out to search for the troubled confessor Meanwhile Sergeant Ben Goldsmith of the NYPD is drawn deep into the official investigation Neither is aware that the other is searching for the murderer and both hope against hope that they re able to find the killer before he strikes again A simmering tour de force of detection from both ends of the trail Kirkus Reviews

The 'Gentle' Murders? K. S. Culling, **A Murderer's Secrets: The True Story of a Man Who Killed for Loneliness** Pasquale De Marco, 2025-04-06 In the quiet solitude of his existence a lonely man embarked on a chilling odyssey of violence leaving a trail of shattered lives in his wake This is the story of a serial killer driven by an insatiable need for companionship a man who sought solace in the act of taking life Based on the personal journals and interviews with those who knew him this book delves into the mind of a murderer exploring the motivations and actions that led him down a dark and twisted path It is a journey into the darkest recesses of the human psyche a place where empathy and compassion give way to violence and depravity As we piece together the puzzle of his crimes we are forced to confront the unsettling truth that such individuals are not always monsters They may be our neighbors our coworkers or even our friends They may seem ordinary and unassuming but beneath the surface a dark secret lurks waiting to be unleashed This book is a chilling reminder of the fragility of our own existence It is a story that forces us to question our assumptions about good and evil and to confront the darkness that lies within us all It is a story that will stay with you long after you finish reading the final page But it is also a story of resilience of the strength of the human spirit in the face of unimaginable horror It is a testament to the power of hope even in the darkest of times As we follow the investigation and trial of this killer we witness the unwavering determination of those who sought justice for his victims and closure for their families This book is a powerful and thought provoking exploration of the human capacity for violence and the resilience of the human spirit It is a story that will leave you shaken but also inspired a story that will stay with you long after you finish reading the final page If you like this book write a review [The Murderer's Tale](#) Margaret Frazer, 1996 Visiting Minister Lovell while on pilgrimage from St Frideswide Sister Frevisse suspects that a mentally ill guest who is prone to violent fits has been framed for the murder of an innocent man

Defeasible Deontic Logic Donald Nute, 2012-12-06 Relevant to philosophy law management and artificial intelligence these papers explore the applicability of nonmonotonic or defeasible logic to normative reasoning The resulting systems purport to solve well known deontic paradoxes and to provide a better treatment than classical deontic logic does of prima facie obligation conditional obligation and priorities of normative principles

Norms, Logics and Information Systems Paul McNamara, Henry Prakken, 1999 This book presents research in an interdisciplinary field resulting from the vigorous and fruitful cross pollination between traditional deontic logic and computer science AI researchers have used deontic logic as one of the tools in modelling legal reasoning Computer scientists have discovered that computer systems including their interaction with other computer systems and with human agents can often be productively modelled as norm governed So for

example deontic logic has been applied by computer scientists for specifying bureaucratic systems access and security policies and soft design or integrity constraints and for modelling fault tolerance In turn computer scientists and AI researchers have also discovered and made it clear to the rest of us that various formal tools e g nonmonotonic temporal and dynamic logics developed in computer science and artificial intelligence have interesting applications to traditional issues in deontic logic This volume presents some of the best work done in this area with the selection at once reflecting the general interdisciplinary and international character that this area of research has taken on as well as reflecting the more specific recent inter disciplinary developments between traditional deontic logic and computer science *The Gentle Art of Murder*, 1934 Alexander L.
