A Guide To Silent Westerns

Ed Andreychuk

A Guide To Silent Westerns :

A Guide to Silent Westerns Larry Langman,1992-10-20 This comprehensive film guide lists the screen credits and provides synopses of more than 5 400 silent western features documentaries shorts and serials released from the 1890s through 1930 Numerous one two and three reelers are included in this guide These westerns came from both the major and lesser known American film studios many long defunct The term western is hard to define someone once commented that a western had to have a horse in it The genre generally applies to that post Civil War period beginning with the great cattle drives and ending around 1890 But the author has included tales about early California Mexico various Indian tribes along the Eastern seaboard the building of the railroad the gold rush of 1849 and the search for gold in the Yukon Other films which seem to have less in common with the genre such as northern westerns are listed in a separate appendix **A**

Biographical Dictionary of Silent Film Western Actors and Actresses George A. Katchmer,2015-05-20 Long before sound became an essential part of motion pictures Westerns were an established genre The men and women who brought to life cowboys cowgirls villains sidekicks distressed damsels and outraged townspeople often continued with their film careers finding success and fame well into the sound era always knowing that it was in silent Westerns that their careers began More than a thousand of these once silent Western players are featured in this fully indexed encyclopedic work Each entry includes a detailed biography covering both personal and professional milestones and a complete Western filmography A foreword is supplied by Diana Serra Cary formerly the child star Baby Peggy who performed with many of the actors herein *American Frontiersmen on Film and Television* Ed Andreychuk,2011-05-23 From the French and Indian War to the Civil War well over a hundred years of American history is reflected through the lives of six bold and famous men Daniel Boone Davy Crockett Jim Bowie Sam Houston Jim Bridger and Kit Carson Here is a book that details their lives their legends and the many films and television shows their stories inspired A biography of each frontiersman is followed by a detailed examination of films and television shows featuring that man as a character Discussion of films includes cast and credit listings synopses and notes on the production including comments on accuracy and interpretation Television coverage includes listings of episode titles and discussion of each series history The book is illustrated with both film stills and artwork of the frontiersmen An appendix of documentaries and a bibliography are included **John Ford's Stagecoach** Barry Keith Grant,2003 Table of contents

The Six-gun Mystique Sequel John G. Cawelti,1999 To this structural analysis he adds a new account of the genre s history and its relationship to the myths of the West which have played such an influential role in American history

BOOK JACKET Genre and Hollywood Steve Neale,2005-06-20 Genre and Hollywood provides a comprehensive introduction to the study of genre In this important new book Steve Neale discusses all the major concepts theories and accounts of Hollywood and genre as well as the key genres which theorists have written about from horror to the Western He also puts forward new arguments about the importance of genre in understanding Hollywood cinema Neale takes issue with

much genre criticism and genre theory which has provided only a partial and misleading account of Hollywood's output. He calls for broader and more flexible conceptions of genre and genres for more attention to be paid to the discourses and practices of Hollywood itself for the nature and range of Hollywood's films to be looked at in more detail and for any assessment of the social and cultural significance of Hollywood's genres to take account of industrial factors. In detailed revisionist accounts of two major genres film noir and melodrama Neale argues that genre remains an important and productive means of thinking about both New and old Hollywood its history its audiences and its films.

Billy the Kid on Film, 1911-2012 Johnny D. Boggs, 2013-09-06 A comprehensive filmography this book is composed of lengthy entries on about 75 films depicting legendary New Mexico outlaw Billy the Kid from the lost Billy the Kid 1911 to the blockbuster *Young Guns* 1988 to the direct to video 1313 Billy the Kid 2012 and everything in between. Each entry gives a synopsis cast and credits critical reception and a discussion of the events of the films compared to the historical record. Among the entries are made for TV and direct to video films foreign movies and continuing television series in which Billy the Kid made an appearance.

Chai Noon Jonathan L. Friedmann, 2025 Only a few Westerns contain explicitly Jewish stories or themes and very rarely do Old West tales involve identifiably Jewish characters. Yet Jewish contributors have shaped the Western once Hollywood's most popular genre ever since the silent era both onscreen and offscreen and some filmmakers have sought to infuse the genre with a distinctly Jewish sensibility. In *Chai Noon* Jonathan L. Friedmann applies some of the central questions of Jewish film studies to the Western. What makes a movie Jewish? What counts as a Jewish image on screen? What types of Jewish representation are appropriate? How much of a film's Jewishness owes to the filmmakers and how much to the viewer's interpretation? This volume joins other reconsiderations of outsider and minority representations in Westerns to offer a more nuanced view of the genre. Friedmann engages with larger themes of Jewish identity in popular film including depictions of race ethnicity and foreignness. He also identifies similar concerns within the invention and creation of the imaginary West writ large in American culture. The juxtapositions prove to be both unexpected and intuitively understandable.

The Ethics of Anthropology and Amerindian Research Richard J. Chacon, Rubén G. Mendoza, 2011-12-15 The decision to publish scholarly findings bearing on the question of Amerindian environmental degradation warfare and or violence is one that weighs heavily on anthropologists. This burden stems from the fact that documentation of this may render descendant communities vulnerable to a host of predatory agendas and hostile modern forces. Consequently some anthropologists and community advocates alike argue that such culturally and socially sensitive and thereby politically volatile information regarding Amerindian induced environmental degradation and warfare should not be reported. This admonition presents a conundrum for anthropologists and other social scientists employed in the academy or who work at the behest of tribal entities. This work documents the various ethical dilemmas that confront anthropologists and researchers in general when investigating Amerindian communities. The contributions to this volume explore the ramifications of reporting and specifically

of non reporting instances of environmental degradation and warfare among Amerindians Collectively the contributions in this volume which extend across the disciplines of archaeology anthropology ethnohistory ethnic studies philosophy and medicine argue that the non reporting of environmental mismanagement and violence in Amerindian communities generally harms not only the field of anthropology but the Amerindian populations themselves **Still in the Saddle** Andrew Patrick Nelson, 2015-08-03 By the end of the 1960s the Hollywood West of Tom Mix Randolph Scott and even John Wayne was pass or so the story goes Many film historians and critics have argued that movies portraying a mythic American West gave way to revisionist films that influential filmmakers such as Sam Peckinpah and Robert Altman made as violent critiques of the Western s golden years Yet rumors surrounding the death of the Western have been greatly exaggerated says film historian Andrew Patrick Nelson Even as the Wild Bunch and John McCabe rode forth John Wayne remained the Western s number one box office draw How then could there have been a revisionist reckoning at a time when the Duke was still in the saddle In *Still in the Saddle* Nelson offers readers a new history of the Hollywood Western in the 1970s a time when filmmakers tried to revive the genre by appealing to a diverse audience that included a new generation of socially conscious viewers Nelson considers a comprehensive filmography of releases from 1969 to 1980 in light of the visual tropes and narratives developed and reworked in the genre from the 1930s to the present In so doing he reveals the complexity of what is probably the most interesting period in Western movie history His incisive reevaluations of such celebrated or infamous films as *The Wild Bunch* and *Heaven s Gate* and examinations of dozens of forgotten and neglected Westerns including the final films of John Wayne demonstrate that there was more to the 1970s Western than simple revision Instead we see not only important connections between canonical and lesser known films of the period but also continuities between these and older Westerns Nelson believes an ongoing cyclical process of regeneration thus transcends established divisions in the genre s history Among the books currently challenging the prevailing evolutionary account of the Western *Still in the Saddle* thoroughly revises our understanding of this exciting and misunderstood period in the Western s history and adds innovatively and substantially to our knowledge of the genre as a whole

Embark on a breathtaking journey through nature and adventure with Crafted by is mesmerizing ebook, Witness the Wonders in **A Guide To Silent Westerns** . This immersive experience, available for download in a PDF format (PDF Size: *), transports you to the heart of natural marvels and thrilling escapades. Download now and let the adventure begin!
