A Man Above Reproach:

The Master's Plan for the Church John MacArthur, 2008-03-01 It is absolutely essential that a church perceive itself as an institution for the glory of God and to do that claims John MacArthur the local church must adhere unfalteringly to biblical leadership principles Christ never intended church leadership to be earned by seniority purchased with money or inherited through family ties He never compared church leaders to governing monarchs but rather to humble shepherds not to slick celebrities but to laboring servants Drawing from some of the best received material on church leadership this updated edition guides the church with crucial effective lessons in leadership This book is valuable not only for pastors and elders but for anyone else who wants the church to be what God intended it to be **Celibacy in the Early Church** Stefan

Heid, 2014-02-14 Heid presents a penetrating and wide ranging study of the historical data from the early Church on the topics of celibacy and clerical continence He gives a brief review of recent literature and then begins his study with the New Testament and follows it all the way to Justinian and the Council in Trullo in 690 in the East and the fifth century popes in the West He thoroughly examines the writings of the Bible the early church councils saints and theologians like Jerome Augustine Clement Tertullian John Chrysostom Cyril and Gregory Nazianzen He has gathered formidable data with conclusive arguments regarding obligatory continence in the early Church Finding Faithful Elders and Deacons Thabiti

mistakenly for having invented baseball he did not it was his selfless exercise of duty to his nation that should be honored Following his youth in Auburn New York and his days as a cadet at West Point to the Union general's involvement in the American Civil War and his public service afterwards he is revealed in this biography as a man who took unpopular stands but was guided by a firm vision of justice One chapter fully explores the baseball myth *Moneybags* Tulley

Holland, 2007-06-17 In the early 1980s a violent kidnapping leaves several people dead on the C O Canal Towpath near Georgetown Washington D C Several days later a parachutist is found dead hanging upside down from a tree in the Virginia countryside The two events seem unrelated especially to Will MacKenzie the man who discovers the dead parachutist while walking his dog MacKenzie a Viet Nam veteran is familiar with parachutes but is puzzled by the color of the parachute as well as the color of the parachutist's clothing all colors are black and the face of the dead man is covered in black camouflage Additional black parachutes are found by his dog nearby but these are attached to heavy black duffle bags A wrapped packet of hundred dollar bills is partially exposed next to a small rip in one of the bags This discovery could change his life as he is struggling to recover from alcoholism and depression problems that have caused him to lose his job his family and his friends

Faced with a choice of reporting his gruesome find to the authorities or keeping the bags that may hold a great deal of money MacKenzie takes the duffle bags to his mountain cabin to examine their contents without being disturbed He is unaware that his lucky find is part of a large ransom payment MacKenzie's decision to keep the moneybags triggers a trail of violence as killers from the Mafia a D C drug gang and a Colombian Drug Cartel form an unholy alliance to search for the missing ransom The cast of characters includes the veteran who is trying to rebuild his life and a woman of wealth privilege and power who find each other as they attempt to escape the tentacles of a billion dollar Drug Empire A corrupt deputy sheriff and a philanthropist with a secret stand in their way *Police Detectives in History, 1750-1950* Clive Emsley, 2017-09-29

While the history of the uniformed police has prompted considerable research the historical study of police detectives has been largely neglected confined for the most part to a chapter or a brief mention in books dealing with the development of the police in general The collection redresses this imbalance Investigating themes central to the history of detection such as the inchoate distinction between criminals and detectives the professionalisation of detective work and the establishment of colonial police forces the book provides a the first detailed examination of detectives as an occupational group with a distinct occupational culture Essays discuss the complex relationship between official and private law enforcers and examine the ways in which the FBI in the U S A and the Gestapo in Nazi Germany operated as instruments of state power The dynamic interaction between the fictional and the real life image of the detective is also explored Expanding on themes and approaches introduced in recent academic research of police history the comparative studies included in this collection provide new insights into the development of both plain clothes policing and law enforcement in general illuminating the historical importance of bureaucratic and administrative changes that occurred within the state system *Act Like a Man*
