in New Testament Times Peter Williams, A Bible student reference A New Testament prophecy of a falling away from truth into apostasy and lawlessness in the final generation before Jesus Christ returns in glory is being fulfilled now and is shortly to end Yet Christianity has overwhelmingly moved so far from its first century roots that it could not even recognise this or that Christ s return is therefore now almost upon us How and why this is the case is here explained thoroughly and logically with many examples directly from the word of God In God s saving plan for the world everyone must in time make a free will choice to become part of the Israel of God in order to access eternal life in the kingdom of God The route to take is the strait and narrow way Mat 7 13 14 that very few have so far found and it involves the biblical new and old covenants which both apply to this Israel Embark on this voyage only if you are willing to be challenged about some basic Christian preconceptions be a serious open minded Bible student and trust what the Bible teaches but remember that time is short What the Bible has taught me I see as both vital and urgent for our eternal salvation yet I know of no church or individual theologian who teaches what this book deals with in any substantive way Be prepared for major challenges to your understanding just as God has challenged me In the epistles Paul refers to two Israels whom he calls Israel after the flesh I Cor 10 18 and the Israel of God Gal 6 16 I focus mainly on the latter but I also explain an unexpected but critically important connection between them Dependent on the teaching nearly all Christian denominations either teach nothing at all on it or almost the opposite of what Scripture repeatedly showed me Looking back I find this absolutely staggering Very few Christians understand that the new covenant also only applies to Israel as I will clearly show I no longer believe that the NT New Testament can be fully understood without this extra Israel dimension Had I felt I could deliver this in a more light hearted way I would have done so but its implications are too awesome and fundamental to our eternal life prospects for that *Little Men & Jo's Boys: A Sequel (With Original Illustrations)* Louisa May Alcott, 2017-08-07 This eBook edition of Little Men Jo s Boys A Sequel With Original Illustrations has been formatted to the highest digital standards and adjusted for readability on all devices Little Men recounts six months in the life of the students at Plumfield a school run by Professor Friedrich and Mrs Josephine Bhaer The story begins with the arrival of Nat Blake a shy young orphan who used to earn a living playing the violin We are introduced to the majority of the characters through his eyes Personal relationships are central to the school and diversity is celebrated Jo s Boys and How They Turned Out is a sequel to Little Men In it Jo s children now grown are caught up in real world troubles The book mostly follows the lives of Plumfield boys who were introduced in Little Men particularly Tommy

Emil Demi Nat Dan and Professor Bhaer and Jo's sons Rob and Teddy although the others make frequent appearances as well. The book takes place ten years after Little Men. Dolly and George are college students dealing with the temptations of snobbery, arrogance, self-indulgence, and vanity. Louisa May Alcott (1832-1888) was an American novelist and poet best known as the author of the novel Little Women (1868) and its sequels Little Men (1871) and Jo's Boys (1886).
