(1861-65).* United States. Surgeon-General's Office, 1879 **Histamine and Anti-Histaminics**, 2013-11-27 It was an agreeable though strenuous task to edit a book with so many distinguished contributors on a subject to which I have given half of my life In 1959 when Prof O EICHLER invited me to edit a book on Histamine and Anti histaminics as a supplement to HEFFTER S Handbuch I thought the task could be done in three years Now five years are gone and only half is fulfilled Though so far as the Histamine part of the book is concerned the initial plan has been followed very closely we had to leave the Anti histaminics for another volume of unpredictable dimensions In 1924 eight pages inserted in a Chapter on M utterkorn by ARTHUR R CUSHING were considered enough in vol II Part II pg 1319 1326 of the Handbuch Now 922 pages did not suffice to cover all the aspects of the subject Especially in the last few years the subject has expanded in so many directions that the antihistaminic part had to be excluded from the present volume Possibly another thousand pages will be necessary to cover what remains of the subject In planning the book we made great use of the excellent and classical monograph by W FELDBERG and E SCHILF on Histamin published by Julius Springer in 1930 Cours de Pharmacologie F. Foy, 1831 **Medical Lexicon. A New Dictionary of Medical Science, Containing a Concise Account of the Various Subjects and Terms, ... and Formulae for ... Preparations Etc.
