Young Whan Kihl, Hong Nack Kim

America 202the Survival Blueprint:

North Korea: The Politics of Regime Survival Young Whan Kihl,Hong Nack Kim,2014-12-18 Featuring contributions by some of the leading experts in Korean studies this book examines the political content of Kim Jong Il s regime maintenance including both the domestic strategy for regime survival and North Korea s foreign relations with South Korea Russia China Japan and the United States It considers how and why the Democratic People s Republic of Korea DPRK became a hermit kingdom in the name of Juche self reliance ideology and the potential for the barriers of isolationism to endure This up to date analysis of the DPRK s domestic and external policy linkages also includes a discussion of the ongoing North Korean nuclear standoff in the region The Regulatory Aftermath of the Global Financial Crisis Eilís Ferran,Niamh Moloney,Jennifer G. Hill,John C. Coffee, Jr,2012-11-15 The EU and the US responded to the global financial crisis by changing the rules for the functioning of financial services and markets and by establishing new oversight bodies With the US Dodd Frank Act and numerous EU regulations and directives now in place this book provides a timely and thoughtful explanation of the key elements of the new regimes in both regions of the political processes which shaped their content and of their practical impact Insights from areas such as economics political science and financial history elucidate the significance of the reforms Australia s resilience during the financial crisis which contrasted sharply with the severe problems that were experienced in the EU and the US is also examined The comparison between the performances of these major economies in a period of such extreme stress tells us much about the complex regulatory and economic ecosystems of which financial markets are a part **United City, Divided Memories?** Dirk Verheyen,2010-02-03 United City Divided Memories focuses on the basic question of how Berlin today deals with three specific Cold War era legacies the presence of the four Great Powers the East German Stasi and the Berlin Wall Dirk Verheyen looks at monuments museums and memorial sites as illustrations of Berlin s struggle to craft an effective shared identity that ties together its western and eastern halves Verheyen s comprehensive and critical analysis is considered against the broader background of Germany s efforts at coming to grips with its dual twentieth century totalitarian past This book demonstrates that important elements of east west contrast linger and complicate the city s efforts at crafting a more definitively future oriented united identity United City Divided Memories will stimulate debate among German studies scholars as well as among those interested in German history and cultural studies Resources in Education ,1990 Overcoming Toxic Emotions Raymond Olusesan Aina,2022-07-06 Overcoming Toxic Emotions is a compelling theme to enrich the restorative justice literature on the complex tasks of relational repair in a transitional society With its emphasis on the centrality of rebuilding trust and renewing the mode of being together this book is an innovative addition to the literature on justice in transitional societies It offers an original assessment of the Nigerian experience of restorative justice in peacebuilding This genuinely theological work opens new perspectives for a more adequate understanding of the Christian contribution to peacebuilding and the secular debate on

restorative justice Yet the author expresses himself as an African theologian paying attention to the specific context of the problems about transitional justice and integrating spontaneously the wisdom of his dual cultures Yoruba and Christianity With its attentiveness to victim perspectives the book engages the traditional notion of divine omnipotence and vulnerability The book rejects the notion of the fetish omnipotent God It opts instead for an image of God as vulnerable yet powerful in love compelling inspiring and rallying us

Finding Dairyland: In Search of Wisconsin's Vanishing Heritage Scott Wittman, 2022-04-25 Explore America's Dairyland and the American Spirit At the dawn of World War II Wisconsin was home to nearly 200 000 dairy farms Today barely 6 000 remain The ghosts of the missing can still be seen in withering old farms along lonely highways some restored many abandoned or decayed but all with a story to tell Immigrants dreamed of owning their own farms only to be fleeced by the promotion of cutover lands in the Northwoods Freedmen and women arrived in southwestern Wisconsin and became farmers and renowned barn builders in one of the earliest integrated communities in the nation Through hundreds of hours of site visits interviews and research historian and photographer Scott Wittman extracts the forgotten truths from legend to tell the real stories of those who created The Dairy State

Repeal the Second Amendment Allan J. Lichtman, 2020-01-28 A radical case for the repeal of the 2nd Amendment as the only way to control gun violence in America There's an average of one mass shooting per day in the United States Given the ineffectiveness of the gun control lobby it's time for a strategy with spine In *Repeal the Second Amendment* Allan J. Lichtman has written the first book that uses history legal theory and up to the minute data to make a compelling case for the amendment's repeal in order to create a clear road to sensible gun control in the US *Repeal the Second Amendment* explores both the true history and current interpretation of the Second Amendment to expose the NRA's blatant historical manipulations and irresponsible fake news releases Lichtman looks at the history of firearms and gun regulations from colonial times to the present to explain how a historically forgotten sentence in the Constitution has become a flash point of recent politics that benefits only the gun industry their lobbyists and the politicians on their payroll He probes court decisions and the effective lobbying and public relations strategies of the gun lobby as well as the ineffectiveness of the gun control movement for lessons in doing better What emerges is a clear and cogent plan repeal and replace the Second Amendment without taking guns away from anyone who has them now to make the US a safer place It's time to Repeal the Second Amendment and Allan Lichtman is the man to bring this radical plan to America
