race as a lens for the exploration of major themes in American history. It considers the concept of race as a social construction against the background of the historical struggles for fairness in a society based on the framework of democracy whose principle is that majority's consent be necessary for the fulfillment of justice. Foregrounding problems of race, capital and political economy, it particularly examines the connections between race and class, the relationship of slavery and national politics and the distinctive intellectual framework that Americans have developed to discuss race. Offering a detailed account of civil rights legislation, an overview of immigration law and policy and comprehensive overviews of debates about affirmative action, immigration and the causes and solutions to racialized urban poverty, this book emphasizes what is distinctive about the United States and offers a unique comparative framework for thinking about America's racial past.
